Erica Part Two Eighteen Years With Lucifer

Introduction

My name is Erica Belinda Mukisa. I was born in Luwero district Uganda on August 26th 1991.

My parents were Emanuel Brown Waiswa and Bernadette Waiswa.

My grandmother on my father Emmanuel's side was a high level sorcerer in the occult world who in her ailing years wanted to leave me in her position in the occult after she died.

1Samuel 28:3 "Now Samuel was dead, and all Israel had lamented him, and buried him in Ramah, even in his own city. And Saul had put away those that had familiar spirits and the wizards out of the land."

Witches, Wizards, magicians and sorcerers are real. Their power is real. They derive their power from Lucifer. Black/white Magic, witchcraft, sorcery etc are real. This world is ruled and controlled by those sorcerers and their families who excel in psychic manipulations at the highest level. These sorcerers receive their orders directly from Lucifer.

# Chapter One

## My Grandmother

My grandmother's name was Teosdonia. She was a racial mix of Indian, Rwandese and Ugandan. Adroniah's plan included initiating me into the occult at an early age through a series of minor initiations which included covenanting my hair, fingernails and clothing to Lucifer. Adroniah was among those occult members referred to as the marines who have power over the water spirits in the marine kingdom. The vast majority of humanity has no idea that a spiritual world even exists, leave alone the fact that it heavily influences the affairs of mankind.

Ephesians 2:2 "wherein in times past you walked according to the coarce of this world, according to the prince of the power of the air, the spirit that now works in the children of disobedience."

Followers of Christ should understand what Jesus meant in his prayer to the Father in John 17:

14 "I have given them thy word; and the world has hated them, because they are not of the world, even as I am not of the world. 15I pray not that thou shouldst take them out of the world, but that thou shouldst keep them from the evil. 16They are not of the world, even as I am not of the world. 17Sanctify them through thy truth: thy word is truth.

It is the knowledge of truth that separates (sanctifies) you, the followers of Christ, from the rest of the world who go about their own ways, sleeping through their lives.

Teosdoniah had great authority as a bride of satan and a queen in the occultic world. She ruled spiritually over the locality of eastern Uganda.

Now Teosdoniah had a powerful demon living inside of her. This demon in her was feminine and its name was "Naudo." Teosdoniah's half brother was related to her through their mother. They had the same mother but different fathers. A male demon lived inside of her brother and this male demon's name was "Mukama." The demon "Mukama" in her brother was the husband of the demon "Naudo" who lived in Adroniah. As a result, these two were lovers committing incest. It is not known whether Teosdoniah's husband was aware of her relationship with her half brother but by the time her husband died, he and Teosdoniah were sleeping in different rooms but in the same house. Teosdoniah told her husband that the demon "Naudo" had instructed her to stop sleeping with him, and that they should sleep in separate rooms. Teosdoniah's husband also heavily influenced by the occult agreed. In those days there were only a few two storied houses in the whole of Jinja and Teosdoniah's husband owned one of the storied homes where some of his wives lived with their children.

He was a teacher and an agricultural officer working with the Ugandan government. His name was John Kasadah. It is not known how many wives he had but he had over twenty children, most likely closer to thirty. John Kasadah and Teosdoniah had two children. My father married Bernadette my mother In September of 1990 and I, Erica Belinda Mukisah am their first born child. I was Teosdoniah's favorite because I was the heir of Teosdoniah's occult position as a queen of the marine kingdom and a powerful sorcerer in Lucifer's kingdom. Teosdoniah had the ability to leave her body and astral project into the spiritual world. During her astral projections she would leave her body in the care of a priestess who was my aunt. This priestess job was to guard Teosdoniah's body while she astral projected because if anyone was to move her body even slightly while her soul was astral projecting into the realm of the spirit, it would cause her silver cord to break, she'd be stuck in the spirit realm and she would soon after die.

The scriptures tell us about the silver cord in:

Ecclesiastes 12:6 "Yes, remember your Creator now while you are young, before the silver cord of life snaps and the golden bowl is broken. Don't wait until the water jar is smashed at the spring and the pulley is broken at the well. 7For then the dust will return to the earth, and the spirit will return to God who gave it."

My grandmother would've been unable to re-enter her body had anybody moved her physical body during astral projection. Astral projection is very risky and many have ended up dying in their sleep as a result of their bodies

being moved during astral projection or if the sorcerer's spirit enters into the body of another person and that person is being prayed for by someone who knows about the breaking of the silver cord in prayer, the sorcerer can die.

I was supposed to be more powerful than Teosdoniah because I would've been the fourth generation of sorcery in Lucifer's kingdom and every generation is always more powerful than the previous one. While it is not known exactly how powerful Teosdoniah was, it was a well known fact that people in very influential positions from around the world would consult with her for solutions to their problems. Her patrons included politicians, senior government officials, barren women, wives seeking the affection of their husbands, husbands seeking the affection of their wives, the sick, witches, those who wanted to bewitch others, the poor, the rich, musicians, actors, people in the entertainment world who desired to be rich and famous, pretty much anyone who needed powers that were beyond their own ability to acquire. Everyone who came brought simple things like goats, clothing (if intending to bewitch someone, one would bring something belonging to the person being bewitched as a point of contact) etc. People came to Teosdoniah for power and with power one could get money or whatever they wanted. When they got what they wanted, they always came back to her with a gift to say thank you. Needless to say Teosdoniah was always receiving gifts from satisfied customers. One extraordinary case that comes to mind is my uncle who came to Teosdoniah seeking the power to get wealth as he was a very poor man. He came to Teosdoniah and pleaded with her to help him escape poverty. So she prepared herbs and gave them to him to put in his food and told him to have a bath with some other herbs and she also bathed his three children in herbs and recited some incantations. She then told him that by the time he returned to see her, he would be a rich man. Within six months the man returned to see Adroniah to ask what he could bring to her as a gift to say thank you for the success he was now enjoying. He explained that ever since he visited her, things had begun to work out marvelously for him. Adroniah asked me to leave the room and then had a secret meeting with him. After their meeting my uncle left and returned that same evening with two black female goats. These goats were perfectly black without a single spot on them. They were tied with ropes around their necks. These goats were then tied outside Teosdoniah's house in the compound. Teosdoniah was so pleased with uncle's gift that she took water and put it in her mouth and then spat that water on the four tires of uncle's car and said he would have more blessings and more cars. Being about five or six years old at the time I was excited to see the two goats tied to a tree so I decided to stay outside and play while observing the new goats. Now I loved to dance, so I went into the house and brought out a small radio and began teaching my little playmates how to dance. As they were dancing to a certain song a most unusual thing began to happen.

One of the children dancing began to shout while pointing at the goat in excitement

"sister look, the goats are singing and dancing to the music!" The two goats which were tied outside had each gotten up on their two feet and were dancing and singing to the music and surprisingly they were singing in key. Now as unbelievable as this may seem it is absolutely true. This was sorcery. As we began laughing and bringing attention to these dancing and singing goats, Evans, my younger brother ran into the house to call my grandmother to come see the dancing goats thinking that she would be happy and surprised to see them too. Instead she was furious, she commanded us children to get into the house and sleep. Evans began to cry and demanded to be taken home. So our father Emmanuel was called to come and pick us up to take us home. After we went home, grandmother came over to our home with boiled meat for the entire family to eat. After the family ate this meat, we all began to vomit. From that day I knew that grandmother had given us human meat to eat because that goat meat was not normal.

Everyone became sick after eating grandmother's meat.

The full moon

During every full moon my grandmother would always leave the house and come back around 4am in the morning.

On one particular full moon as I was in the house with my younger brother Evans, my grandmother left the house. We heard funny noises outside of the house. It sounded like dogs growling at each other. When we stepped out, we saw something so unusual it's difficult to explain. We saw the moon had come closer to the point that it was just slightly above the roof of the house and it was so hot and shined so bright that we were sweating. The moon had somehow created crop circles in the compound. Even the trees were stiff and nothing was shaking. The only thing I could see moving was my grandmother and an even older neighbor than my grandmother who was a sorcerer also running around those circles like the wind. The only thing I could think of at the time was that maybe grandmother was chasing our neighbor around the circles. The amazing thing is that they were running in perfect circles and creating these crop circle designs as they ran at an impossible speed. This was an old lady who would walk bent

over during the day due to old

age and sickness!! To me as a child it looked like my grandmother and the neighbor were competing against each other or that they were fighting in some way. So as a child I began to cheer my grandmother "yay grandmother, you're winning!! Beat her!! You're faster than her, grandmother run!!!" And when she saw me cheering her on, she ran out of the circle and disappeared in the wind and our neighbor seemed to follow her and disappeared as well.

My auntie the priestess commanded us to enter the house saying that should anything happen to grandmother, it would be our fault. We could not sleep that night because I thought that the moon had swallowed grandmother. She returned the next morning at around eight am with the old neighbor her fellow sorcerer. She was very resentful and unfriendly, then later in the evening, she called me and using a razor blade she cut my arm, and wrote the number seven and then smeared some herbs in it and then said that every year, her master (Lucifer) chooses seven stars and I would be among the seven stars. This meant that I would be among Lucifer's seven wives and the herb was to protect me from my enemies. Also all those who tried to send me witchcraft would be struck by lightning. Then she got some herbs and bathed me in them and said that everything I see I should never speak about it.

From that day, even if I wanted to tell my parents what I saw, my tongue would be held by some invisible force and I could never reveal any secret. Evans innocently refused to bathe in the herbs. All of these herbal baths, cuts under the skin etc were minor initiations into the occultic world. One night as we were at my grandmother's place in the evening, we were returning things into the house as we were planning to go and rest. Alice our housemaid who was later adopted by my parents because she was an orphan, saw two lights approaching us from behind the house. When she went to check, she realized that the two lights were actually the reflection of the eyes of a leopard. When she realized that it was a leopard, she shouted and told us to get into the house quickly because there was leopard coming our way, so we entered and locked ourselves in the house. As an innocent child I told my dad that there was a leopard in the compound and that I knew he would kill it because he's strong. As a child I really loved my dad and I trusted him and I knew that dad could do anything for me. This situation prompted my grandmother to tell us a story about her childhood. She told us that one day she and her sisters visited her aunty during the school holidays. During their visit, a big snake came to their aunties home. To their surprise, her aunty gave the snake porridge. This snake came every day and they would feed it on porridge. When they went back home after the holidays. The sister decided to share with her parents what she saw the aunty doing. "Daddy, aunty gave a snake porridge and it used to come every day and drink our porridge."

Right after she said those words, she dropped dead and that was the end of her. This sounded like a warning not tell our parents what we saw because we would die if we did.

She also told us a story about one of her clients who was barren and she helped her conceive through her witchcraft. And when she conceived, she told her to return when it was time to give birth and she would be her birth attendant, which she did. She was in the company of her sister during her time of delivery. When she gave birth, my grandmother was her birth attendant. After she gave birth she went into a deep sleep. The baby who had just been born stood up and went and bathed himself. This was a demonic baby. As he was taking back the basin after showering, his aunty (the mother's sister) entered the room.

She was so shocked at what she saw that she exclaimed "oh I'm dead" and the baby said "as you have spoken, so be it" and the aunty collapsed and died later on at the hospital. The baby after saying those words wrapped himself up in a baby shawl and began breast feeding and later slept beside his mother. Grandmother named the baby after her spiritual husband

"Mukama" (meaning 'god'). Now I cannot verify if this story is actually true, I just remember my grandmother telling me about it. The information I am giving about the kingdom of darkness are my own experiences. Any stories from my grandmother concerning sorcery or past events may or may not be true. My aim is to reveal some of the hidden operations of the enemy in obedience to the word of God in Ephesians 5:11 "Take no part in the unfruitful works of darkness, but instead expose them."

All I can do is testify of the things which I have seen and heard.

The following day after grandmother had told us this story, I went to use the outside toilet and while I was in the restroom, I heard by little brother calling me and telling me not to come out of the outhouse because there was a

leopard outside. So he picked up a stone to throw at the leopard so that it does not eat his sister, and as he was going to throw it, grandmother out of nowhere grabbed his hand and warned him never to harm the leopards because these leopards were our friends. Adroniah then called for me to come out of the toilette and assured me that nothing would harm me. She said that the leopards were keeping us safe. So I came out and the leopard walked away and did me no harm. Shortly

after that on the same day, we went and had lunch and I went to have a bath. The bathroom was outside the house as well. While I was bathing, I heard children screaming and running in terror, they were being chased by the same leopard. These were children from the neighborhood who had come to steal my grandmother's passion fruits. This leopard chased them to their house and they locked themselves in their house and this leopard stood guard outside the house for three good days while they hid themselves in terror. After this scenario, these neighbors decided to sell that plot of land to grandmother and moved away quickly. There are so many things I witnessed as a child but let me skip to my first major occult initiation.

## Chapter Two

### My initiation

My grandmother Teosdoniah took me to a graveyard where they had buried the sorcerers of our clan. In the occult world a graveyard is a portal for the demonic. Lucifer loves graveyards, mortuaries, toilette, dustbins, dirty places etc. this is where most initiations take place. Remember the demoniac of Mark 5:1-13 the demon possessed gadarene was always in dirty places, graveyards and dark caves etc. When she took me to that graveyard I saw that it was built with iron sheets and bricks but there were no windows. Inside were many graves. Grandmother began by pouring herbs on every grave while I watched. I thought she was paying her respects to her buried ancestors through what she was doing. She was sprinkling herbs in powder form on the grave and then lay down on it.

She did this to all of the graves. She had done this to about thirty of them. But when she was going to the last grave which was her mothers, she came and held my hand and took me along with her. I was terrified but I could not run. It's like something was urging me on.

Adroniah poured herbs on her mother's grave just as she had done on the others and then laid down on it but this time as she was laying on it, I heard voices coming from beneath the grave asking her why she had chosen to embarrass them before a young girl and why she could not leave them to Rest In Peace. The voices said that she had undressed them and taken away their dignity in front of me and that it was not the time for me to see what I was seeing. Grandmother's reply was "I know she is physically young, but spiritually she is older than us, the other forces have chosen her (meaning christians) and she could see some light shining in me. So she said she decided to take me before my spirit rejects them. The. She mentioned the ancestral lineage from which we came from and told them that she has chosen me to be her heir. To take our sorcery to the next generation. She then commanded all of them to obey me and work with me. The demons began to laugh. She then made me lie down on the grave and when I laid down on the grave, I made my first spiritual voyage. At the age of eight years old, I managed to visit the world of the dead. This was my first major initiation into the world of the occult. During this visit I saw all of my grand parents who were sorcerers before they died.

Proverbs 21:16

16 "The man that wanders out of the way of understanding (God's word) will remain in the congregation of the dead."

There is a place where the dead congregate.

In 1 Samuel chapter 28 we see that Saul went to a woman who had a familiar spirit to conjure up the spirit of Samuel so that he could give him council concerning the next

day's battle. Samuel told Saul that God had departed from him and that his kingdom had been taken away from him and given to David.

The conjuring of the spirits of the dead is forbidden by God. But as you can see in the scriptures. Before Christ rose from the dead, It was possible.

Deuteronomy 18:10-12

"There shall not be found among you anyone who makes his son or his daughter pass through the fire, one who uses divination, one who practices witchcraft, or one who interprets omens, or a sorcerer,

Clearly if witchcraft did not exist, there would be no purpose for God to forbid it.

Witchcraft and sorcery must have been a major issue if God had to personally instruct His people not to allow it in Israel. Witchcraft and sorcery are very powerful and if not checked by the Holy Spirit and the body of Christ, possesses the power and potential to completely dominate the entire world.

Ezekiel 13:20 "Wherefore thus saith the Lord GOD; Behold, I am against your pillows, wherewith ye there hunt the souls to make them fly, and I will tear them from your arms, and will let the souls go, even the souls that ye hunt to make them fly."

As we can see in the scriptures, through witchcraft and/or sorcery, it is literally possible to pull the soul of a human being from their body and send that soul elsewhere.

After my initiation in the graveyard, my soul left my body and I took my very first trip into the world of the dead. A force pulled my soul into the grave as soon as I laid on top of it. I went straight into the ground at a very high speed. Within the blink of an eye, I had arrived at the gate of the world of the dead. The world of the dead can be compared to a giant cave. The entrance and the walls, almost everything there is made of human skulls.

Once you enter into that world the first thing that welcomes you is fear. It grips your soul. Fear becomes a reality. Leave alone the feeling of fear but fear itself becomes your reality. Fear is a spirit. In the world of the dead, fear is not only felt, it can be seen, it can be felt and touched. Because fear is a spirit and this spirit called fear can grip your soul. Your soul is your mind your will and your emotions, so fear can grip the mind, will and emotions of a human being.

Fear is the opposite of faith.

2Tim 1:7 "For God hath not given us the spirit of fear; but of power, and of love, and of a sound mind."

So a sound mind is a spirit, power is also a spirit and love is a spirit as well. Love is the spirit of God because God is love.

1John 4:8 "He that loveth not knoweth not God; for God is love."

When I entered the gate. I past through a pathway. On my right and left hand side there were decorations of pots with spears inside of them. The sharp side of the spears was facing up. Then at the end of this pathway I got to a door which opened up on its own.

When it opened, I entered into a dark world. The light in that world was only enough for you to see a few things clearly. Almost like the inside of a nightclub. When I stepped in the soil, I discovered that it had no life in it. This soil was dead. It was not like the soil on earth which can be fed with fertilizer, manure and water. One can place a seed in the soil on earth and the soil will help give the seed life. So even the soil on earth has life in it for death cannot produce life. Only that which is living can produce life. This soil was extremely dry like the desert sand. It had even formed cracks. There was nothing good in that soil. In fact, no rodent could survive in that soil. No seed could germinate in that soil. I only saw a few trees in that place but they were lifeless. Besides these trees had eyes, ears, nose, legs, hands and mouths. These trees were not feeding from the soil. They survived on human flesh and blood but mostly blood. Each of these trees was attached to every family of humanity on the earth. This is where we get the saying "family tree." I was taken and attached to our family tree which was a tree of sorcerers. From that day onwards I became a high level sorcerer. My spirit attached to that tree by covenant. I even saw my great grandparents as far back as sorcery was in our family bloodline.

The scriptures speak of trees of righteousness.

In Isaiah 61:3 "To appoint unto them that mourn in Zion, to give unto them beauty for

ashes, the oil of joy for mourning, the garment of praise for the spirit of heaviness; that they might be called trees of righteousness..."

The opposite of trees of righteousness are trees of wickedness.

In John 15:5 Jesus says; "I am the vine, ye are the branches: He that abideth in me, and I in him, the same bringeth forth much fruit: for without me ye can do nothing."

If you are not of the vine of Christ, you are definitely attached to an evil family tree.

This family tree has been attached to the spirits of your family for the duration of your entire bloodline. This is why certain family characteristics are commonly generational and difficult to break. There are family diseases, family characters, family curses (like the American Kennedy family curse) etc. The only way you can break such covenants is by covenanting yourself to Jesus the righteous vine who gives life and life in its fullness.

This tree of sorcery however is where I was given the sixth sense.

The angel of death is the king of that world. He assigned me to cause accidents and supply that kingdom with blood. The first accident I caused was when I was eight years old. That angel of death revealed to me a lot of secrets. One of them was the covenant that he entered into with Michael Jackson and the majority of the so-called celebrities. These covenants caused their fans to die, during and after their concerts. Michael Jackson had to have surgery so as to look like the angel of death and when you look at the two of them, there is no difference between them. The only difference is that Michael was human while the other is a fallen angel.

The sixth sense.

The angel of death told me that my life had been opened up to another sense. He told me that human beings have five senses. Sight, hearing, taste, smell and touch. He then told me that since I am going to be going on risky missions, I need to have another type of sense which would grow as I grew spiritually. That fallen angel told me that when I go through all of the three stages of initiations, a demon would be assigned to me for my spiritual growth. The angel said that "even the people in the other kingdom have another sense" (meaning Christians). They have the sense to know good and evil. That sense grows when they grow spiritually through the help of the Holy Spirit. He told me that "I will not be needing the help of the Holy Spirit but they will assign a very strong spirit to work with me which opposes the death and resurrection of the Christ and the day that this sense would work effectively in me is the day that I would be born in the spiritual. By then I would be eighteen and I would be married to Lucifer. And we would become one just like the church is married to Christ and we would become born again but in a diabolical way.

Ephesians 5:31 "For this reason a man will leave his father and mother and be united to his wife, and the two will become one flesh." [c] 32 This is a profound mystery—but I am talking about Christ and the church."

So the sixth sense for sorcerers is like the Holy Spirit for Christians. He is the spiritual helper of the Christian who lives in the heart of the Christian.

John 16:13 "But when He, the Spirit of truth, comes, He will guide you into all the truth; for He will not speak on His own initiative, but whatever He hears, He will speak; and He will disclose to you what is to come."

The sixth sense teaches one the ways of Satan more intimately such that one grows from being a novice to being an adept.

If Romans 8:14 says that; "For as many as are led by the Spirit of God, they are the sons of God."

It stands to reason therefore that as many as are led by the sixth sense are the children of Satan.

Then I was taken to see the wind of death. This wind is like a whirlwind. Everyone passing through death passes through this tunnel. And in that world is where I saw all sorts of scary demons. They were in a valley. The valley of death.

Psalms 23: 4 "Yea, though I walk through the valley of the shadow of death, I will fear no

evil: for thou art with me; thy rod and thy staff they comfort me."

David was not just being poetic, he was talking about an actual place. David was filled with the Holy Spirit who would reveal to him the hidden things of the spirit. There were demons with heads in their armpits, some with heads on their shoulders, some with three heads, some with a head but the mouth is on the stomach. Some demons had eyes behind their heads. I watched as the angel of death sat on a white horse and passed through that valley. Everything in this valley is either grey, white, black or red with blood. The angel of death himself drinks human blood, mostly through the family trees. For example you may find a situation where everyone in the family is

suffering from cancer or asthma or sickle cell anemia or high blood pressure, when the family tree is covenanted with that disease, the entire family is at risk. It is only Jesus who has the power to break those kinds of covenants for by his stripes we were healed since he hung on a tree and it is written

Deuteronomy 21:23 "His body shall not remain all night upon the tree, but thou shalt in any wise bury him that day; (for he that is hanged is accursed"

Galatians 3:13 "Christ redeemed us from the curse of the law by becoming a curse for us, for it is written: Cursed is everyone who is hung on a tree."

When the angel of death went a bit far in the midst of this valley of death, he commanded me to go back to the world and begin my mission of killing. He told me that this was his kingdom and he is preparing for war with another kingdom because he has but a little time and he wants to disapprove the one who claims to have overcome him. (Because Jesus overcame death).

2Timothy1:10 "but now has been revealed by the appearing of our Savior Christ Jesus, who abolished death and brought life and immortality to light through the gospel,"

After the angel of death spoke those words a whirlwind came and carried the angel of death away and he disappeared with his horse. Anybody who dies on the earth you must know that it is first of all the result of a spiritual operation taking place in the spiritual world and manifesting physically through the events that transpired bringing about the end result which in this case is death. When a person dies, it is the angel of death who pulls you out of your body in the form of a whirlwind and takes you through a tunnel that leads to the valley of death where there is war between the angels of light and the angels of darkness. What saves you from the angels of darkness is the decision you made before you died to receive Jesus Christ as your personal Lord and savior. As a result of being born again you legally belong to the Kingdom of light because your name is written in the book of life and it does not appear in the book of death. The angels of light will therefore fight for your soul and take you where you belong which is the Kingdom of God since you belong to God.

2Timothy1:10 "but now has been revealed by the appearing of our Savior Christ Jesus, who abolished death and brought life and immortality to light through the gospel,"

It was after this that I returned to my body but from that day onwards I had different and uncountable spiritual tours. I will be discussing these tours in additional publications.

After those events with the angel of death I re-entered my body and found myself still lying on the grave. After I woke up my grandmother took me back home. After this I became very close to my grandmother as we had a lot in common. From that day onwards I would take spiritual journeys every night.

Meanwhile at school,

My performance began to decline because the initiation process affected my health. I began to fall sick and I was in and out of hospital. The doctors would diagnose the mumps, malaria, the measles, but they were never able to cure my suffering. I was gripped in fear, because once in awhile I would see myself in the trunk of our family ancestral tree.

Due to fear I would never be in a dark room by myself. I could see everything that was happening in my grandmother's village in Lwanda and yet I was at home in Jinja. My grandmother would also know everything that was happening at home in Jinja despite the fact that she was in her own village in Lwanda. We knew these things because every night when we went to sleep, my spirit would travel outside of my body. It is at this time that my spiritual assignments and journeys began. When one travels outside of the body, you go

into the spiritual world, depending on where you have been projected to go. I began to work with principalities and powers which rule in high places.

Ephesians 6:12 For our struggle is not against flesh and blood, but against the rulers, against the authorities, against the powers of this dark world and against the spiritual forces of evil in the heavenly realms.

In the physical world we look up at night and we can see the heavens with our physical eyes, but in the spiritual world, there are three major heavens. The physical first heaven is that which the world sees for as far as the eyes can see. The second heaven is where the principalities are, the third heaven contains seven heavens and God is in the heaven of the heavenlies which is the seventh heaven from the third heaven. So I began to operate in the second heaven. I was working with the ancient dragon or the ancient serpent, the prince of the power of the air. This is the spirit which rules over the children who live in disobedience to God.

Ephesians 2:2 " 2 in which you used to live when you followed the ways of this world and of the ruler of the kingdom of the air, the spirit who is now at work in those who are disobedient.

This spirit is a dragon who's size is gigantic. This dragon is red in color and has on its head a golden crown written "prince of the air." This ancient serpent gets burned thoroughly by Christians who live right and pray fervently. The dragon begins to painfully peel off its skin and to curse all those "children" who do not live the way that the dragon would have them to live.

That serpent would talk, he would say "those children will never see his glory, they will never see his kingdom, they will never see his face, they will never have peace, they will never share in his glory...!"

He would say the exact opposite of what God desires for mankind.

There was also the prince of Persia who is one of the fallen angels who rebelled against God. The role of the prince of Persia was to hinder saints from getting their answers to prayer. The prince of Persia is a gigantic angel who always held chains in his hands, these were powerful chains to hinder ministering angels from descending from heaven with people's answers to prayer from God. This is why many times believers pray and are forced to wait for a long time before getting an answer to prayer. The prince of Persia, also wore a golden crown. His crown has a title written "prince of Persia"

Daniel 10:13

But the prince of the kingdom of Persia withstood me one and twenty days: but, lo, Michael, one of the chief princes, came to help me; and I remained there with the kings of Persia.

The prince of Persia and the prince of the air have different roles. The prince of the air wants to cause God's children to live in rebellion and live in curses while the prince of Persia does not want people's prayers to be answered. I worked with the ancient dragons.

That world is an isolated flat land with a lot of activities taking place. It is a war zone and there is a lot of fire in that area. It is a battle ground comparable to a shootout between two different armies. There were very loud explosions everywhere, not coming from guns but from the prayers of the saints. All of the prayers that are made around the world pass through one area to go to the third heaven. That is why these dragons are placed there. Their duty is to turn off the fire by drinking and spitting fire, they're swallowing prayers. But because there are some hot prayers they escape through the mouth of the dragon in the form of fire... Prayer goes to heaven in the form of smoke like burning incense and when it gets to the second heaven, it turns into fire.

For it to get to the third heaven it has to explode. There are some believers who's prayers would be turned off before even reaching the second heaven. One because they lived in sin, secondly some had no faith while lastly, they did not pray right. God example.

Prayers for the downfall of others never got far. Even I would turn those prayers off, by blowing them away. I used to enjoy those kinds of prayer. But there are a few people, who every time they knelt down to pray, every demon would get confused. Some demons would be so badly beaten by their prayers that they would never be able to function again. One true believer, would disarm, thousands of demons. Even ten thousand. And whenever such a

believer went to pray, hell would be in commotion. My purpose of going there was to be trained in how to break families. Whether saved or unsaved, the enemy hates marriage.

There was an ancient demon that was in charge of creating division, anger, confusion, bitterness, pride and unfaithfulness between married couples. Its mission is to cause divorce and pain. That demon would send us a spirit

that wanted us to send it to a certain family or families in a certain region. These spirits would be visible to us in the spirit realm. We would just be used as vessels to download the devil's program in people's lives.

But behind our works were the different spirits which I mentioned above. Some families were highly protected by God's angels and there was a hedge of fire that surrounded their home so it was difficult for me to plant any spirit there. And these families I found out had prayer altars in their homes. They used to pray together. They were dedicated to serving God. Whereas other families, as much as they seemed to be christians, it would be very easy for us to enter their homes because they were not united and prayerful. That was my assignment under the principality the prince of Persia. One day I was sent to attack a certain family of a woman leader in our church. This family looked beautiful on the surface but on the inside of them they were not united because they were desperately looking for a child. So I sent a spirit of unfaithfulness in a lady who was being helped by the family. She began to seduce the husband and before long, the husband began to commit adultery with her and other women. Because that woman was just the person we used to open a door in the husband's life. Then the husband got a child outside of the marriage. Then I planted another spirit of bitterness and another one of pride and unforgiveness. The pride I planted in the husband, the bitterness and the unforgiveness I planted in the wife which resulted in divorce and the downfall of the woman's ministry.

Because she was supposed to be an example as a woman leader to the other women but how could she lead married women when her own marriage had failed. There are some families I wouldn't dare move close to because they were highly guarded and had a wall of fire and I never wanted to be burnt. Those were the prayerful families. These missions were a matter of life and death, one can easily die in that fire that protects prayerful families because our God is a consuming fire.

## Chapter Three

### Accidents

I used to cause accidents and the demon in charge of causing accidents is also a principality. That demon has the ability to corrupt man's spirit because the Bible says

"out of our bellies' shall flow rivers of living water," a man's spirit has to bring life, but once this demon corrupts your spirit, your spirit will bring death. That spirit told me that it was going to harden my heart like a stone so that I would not feel any mercy for anyone. He put a tattoo on my hand of a heart being pierced by an arrow and blood dripping and from that day onward, I began causing accidents from when I was eight years old to when I turned eighteen. For ten solid years I was causing accidents and very many people would lose a lot of blood, others would die. The principality would be empowered and sustained by that blood. Every time a person would shed blood and die in the process, these principalities supervising the operation would come to the dying victim and consume the life force of the remaining years he/she would have lived had they not died in the accident. This is how these principalities prolong their lifespan. Without this life force they would be powerless to function. These principalities are reptilian in their

appearance. The face resembled a lizard or a dinosaur, they would walk on two legs and sometimes they would walk on all fours. If the person who died in the accident had five years left in their lifespan, then the principality would steal that life force and function energetically for five years, after which it would become desperate and search for the next sacrifice. As a result, these spirits are always on operation to sacrifice human life. But there is a certain blood type I was warned never to come close to or to associate myself with which is the blood of Jesus, because if this spirit came in touch with it. It would undo everything it had done, because that blood is stronger than any other sacrifice.

Psalms 78:25 " Man did eat angels food, he gave them meat to the full."

This scripture indicates that angels have food, this means that they must eat. We know that God feeds his children, God provides for his own. But does God feed the fallen angels who rebelled against him? No He does not. How do we know? Because Jesus told us Matthew 12:25 "Every kingdom divided against itself is brought to desolation; and every city or house divided against itself shall not stand."

Clearly God is not sustaining the fallen angels who rebelled against Him. Then how do the fallen angels feed?

Leviticus 17: "11 For the life of the flesh is in the blood,..."

And God told satan in Genesis 3:14 that "On your belly you shall go, and you shall eat DUST all the days of your life."

And God told Adam;

Gen3:19"...for dust you are and to dust you will return."

This dust is man's flesh.

Mankind feeds the powers of darkness with their own flesh and blood. But a christian's blood would not be taken. Once you are in Christ, your blood is unacceptable to demons because it has been covenanted to Christ.

In that principality there are so many activities, for example causing people's souls to fly (referenced previously in Ezekiel 13:20,21). I was taught a lot of things, like using owls, bats, vultures and using animals like cats, leopards, snakes and dogs, reptiles like lizards, geckos, chameleons, crocodiles, snails, fish, cockroaches, rats and many others for sorcery. And many witch doctors/ sorcerers use those creatures for sorcery. But the owl, the cat and the bats were mostly used to send death. If you see an owl frequenting a certain house, it has come to send death, it does not just show up. And when you kill an owl, prayerfully, it is very possible for the person who sent it to die. The owl is used as an altar or a channel to project death into the intended target. Leviticus 11:16,17

gives us a list of evil birds. Witches and sorcerers use these evil birds on various spiritual operations of wickedness. On many occasions we would use birds by tying talismans with charms to the bird and instructing it to go and perch close to the victim in order for the talisman to be in close proximity with the intended victim. Inside the talisman is a charm (an object which has been covenanted to a demon). The witch would give specific instructions to the demon and if the target has no protection e.g. is not born again and living holy and prayerfully then the demon once in close range with the victim can attack and fulfill its mission. Once the mission is fulfilled the bird will fly back to the witch without the talisman and the witch would know that the mission has been fulfilled. The bird itself would be under a spell. Being under a witchcraft spell and being possessed is almost the same thing. The witch is using the demons to kill, steal or destroy the target.

Isaiah 44:24 Thus saith the LORD, thy redeemer, and he that formed thee from the womb, I am the LORD that maketh all things; that stretcheth forth the heavens alone; that spreadeth abroad the earth by myself; 25 "That frustrateth the tokens of the liars, and maketh diviners mad; that turneth wise men backward, and maketh their knowledge foolish;"

My school life from initiation.

From the time I was initiated my performance at school began to decline. Because from that time onward I began to be very sickly. Especially whenever my fellow classmates were doing exams. My eating habits began to change in a way that I began to eat chalk, soil, soap,

and charcoal and I had little to no appetite for real food. (I'll explain why my appetite changed later on in the book). Even when the teachers would teach, I was always absent minded because I would always go for spiritual missions. By then I had the power to capture someone's mind. I would capture my teachers minds, especially when they were marking (grading) our exams, and I would pass. To accomplish this, I would cast a spell on the teacher and their mind would suddenly be overwhelmed or tired, then they would just give my exam a pass mark and move on to other things. When the teacher was mad at the whole class and decided to punish everyone, I would cast a spell upon her and whenever it was my turn to be punished, I would just walk out of class and she wouldn't do anything to me. I would walk out of school whenever I wanted without permission because I would cast a spell on the gateman and they would slumber while staring right at me. They would just stare right at me while I walked right past them. Then they would wake up after whatever time they wanted. Most of the time I was supposed to be in school was outside with my peers. I would cast spells on my friends and cause them to steal items from supermarkets and bring them to me. To cast the spell I would simply command the demon to enter them and compel them to walk into the supermarket and steal things and bring them to me. I was the provider at home. I used to bring money for food to my parents. I always used to find money in the same filthy dustbin whenever my parents had ran out of money and had nothing to feed us. Satan had made my parents very poor. My grandmother Teosdoniah had bewitched my dad to be poor because he gave his life to Jesus Christ. She hated him because of his salvation and because every time he prayed, her witchcraft would get disorganized or destroyed. My dad was not aware of how deep his mother, my grandmother was in the dark arts of witchcraft and sorcery. I became very influential in school. In fact whatever school I went to, it only took three days for the whole school to know who I was, teachers, administrators, the school board, staff, everyone.

(To protect the names of some of the people involved I have replaced their relationship with me with the word 'relative'). When I was eleven, we were away for school holidays. My relative asked my parents if I could spend the holidays at her house. I was very excited because I loved my relative. When I went to my relative's house my lifestyle changed.

There was a lot of "freedom" at my relative's place, I could listen to whatever music I wanted, watch whatever I wanted on tv, drink alcohol if I wanted, anything that made me happy. At my relative's house I began to watch pornography for the first time. I began to dress differently from the way I used to dress when I was at home. My relative would buy clothes for me which were sexy, they would reveal my body. The same clothes she bought for me when I was six still fit me when I was eighteen and these clothes still fit like they were brand new. These clothes were covenanted. Later when I was in school, I would use the same clothes to initiate others into satanism. I would give them my clothes to wear and everyone who wore my clothes were initiated. Anyone who stole my clothes would never know that I already knew that they were going to steal from me and I would send demons of theft upon them make them habitual thieves indeed. Once a girl stole from me, she was a pastor's daughter. Her parents were not ok financially and they could not provide all her needs. I was always wearing the latest clothes and shoes and I

was a pretty girl. With all of that going for me, this poor girl wanted to live like me but she could not afford it. One time as we had gone to class. This girl remained in the dormitory. Her plan was to try my clothes on and look at herself in the mirror to see how good they looked on her. But because she had not asked for them, the devil used it against her and as I was in class, I could still see whatever she was doing with my clothes. How she opened my bag, how she picked what she liked one at a time and tried them on one by one. I saw the entire process but she had no idea. By not asking me for permission to touch my things, she opened herself up to the devil. From that day she began to steal. She would even steal useless things like torn bras, used toothbrushes and old panties. Finally she was caught stealing ground nuts from another student's bag. She was really embarrassed. The school called her parents to come discipline her but because they had no idea that she was spiritually bound, they could not help her. My relative introduced me to the party life. Every day there was a different party going on. I became a party animal. In one of those parties is where I met Weasel, a dancehall/reggae artist who happens to be Chameleon's brother.

Chameleon is a secular afro/dancehall/reggae artist who Satan used to take me deeper into sorcery. Chameleon is a high level sorcerer who completely sold his soul to Satan. We will get into more about him and other artists who have done the same later on this book. Like any other youth I felt so cool to be hanging out with celebrities and with a celebrities brother. This motivated me to start listening to secular music. As a result I became a fan of Chameleon. I started listening to secular music to a point that I got addicted to it. As

a result I became rebellious, to the extent that my school teachers got concerned. While they thought that it was because of adolescence that I was beginning to behave this way, they had no idea that my problem was spiritual. When I went back to school after the holidays, I became friends with a boy called Nabil. Nabil was a Brazilian Arabian guy.

Nabil looked like Shaggy (the Jamaican dancehall/reggae star. He was a half white half black boy with a birthmark on his left cheek. Nabil was a Catholic-Muslim because his dad was a Catholic but his mom was a Muslim. Nabil lived with his mom. His father had very many wives and very many children. His mother forced Nabil to become a Muslim but Nabil wasn't interested in being a Muslim but he became one just to have peace with his mother.

Nabil seemed to treasure that mark on his cheek very much. He would touch that mark on his cheek all the time. He was brilliant in class, he and I would always compete in religious education because we both performed very well. During the month of Ramadan he would lie to his mom that he was fasting but he would send our classmates to buy pork for him and I would be the one supervising to see to it that the brothers never saw him eating this pork. Everyday that passed by we became closer until one day when I was going to do my mock examinations. It was during that same weekend, Chameleon began to advertise his concert using a convoy of vehicles which attracted crowds to run after him. Before that day, I remember that Nabil had told me about that same concert and that after that concert I would get closer to him and I would know more of his secrets. At the time it didn't make any sense but afterwards I understood. By then, Chameleon was just coming back from Tanzania where he had been involved in a car accident which claimed the lives of all the people in the car except for him. When I heard Chameleon was passing by a place that was next to our home, I was compelled to follow his convoy. I held my little brother's hand and ran after the convoy. When I got to the convoy, I found Chameleon and Weasel, his younger brother in a Toyota four by four that had a sunroof. With the excitement of wanting to see my favorite celebrity, I pushed through the crowd and moved closer to the car. When I got there, a strong force that I can't explain pulled me towards the car in which Chameleon sat. And while people were struggling to see him, I moved next to the car and started peeping through the car window. While I was peeping and looking at Chameleon, his eyes began to change and they looked like the eyes of a cat. Within a few seconds, they turned into serpent eyes almost like Michael Jackson's eyes in the thriller music video where he turns into a werewolf. Almost in the blink of an eye, I saw myself getting into the car right through the window. I could not understand what was going on because I was outside and yet I was inside the car at the same time. My soul was in the car while my body was outside the car still looking through the window. Chameleon pulled my soul from my body and trapped it in a glass box using sorcery. This box could fit in the palm of your hand. Then Chameleon stood out through the sunroof and told me (my body) to get into the car. But my younger brother prevented me from getting in because my mother had instructed us not to even go there in the first place.

Jeremiah 17:5 "Thus saith the LORD; Cursed be the man that trusteth in man, and maketh flesh his arm, and whose heart departeth from the LORD."

I had put my trust in my favorite celebrity to run after his vehicle in disobedience to my mother's instructions. The

result was the curse of bondage. Because I was trapped in two worlds at the same time, please allow me to explain what was happening to my soul, then I'll talk about my body later. Weasel (Chameleon's brother) left the car and jumped into another car in the same convoy. Chameleon, His driver and I (my soul) drove through the crowd carefully and headed down to the source of the Nile. We passed through a golf course to the shores of the source of the Nile river. Chameleon and I moved out of the car.

Chameleon was carrying me in the glass box and we got into a boat which was there waiting for us. When we got into the boat, we sailed to a small island in lake Victoria at the source of the Nile where Chameleon dropped two eggs in the water and began to enchant until the boat in which we were began to sink. As it was sinking, I began to scream because I was frightened. Within a few seconds, a huge whirlwind came from under the waters and inside of it was a huge fish. All of this happened really quickly. All of this happened within five minutes from the time we entered the boat, to the time the fish came in the whirlwind. This large fish opened its mouth and Chameleon got into the mouth of the fish with me trapped inside the glass box. It felt like we had entered into a huge dirty filthy black cave.

Inside the belly of that fish, is a world of gross darkness. It makes you feel like you're in a coffin and rotting or decaying because the stench was putrid. Every time the fish would move and hit a wave, it felt like turbulence felt in an aircraft. Even the pressure

in my ears was increasing. I remember vomiting so many times that there was nothing left to vomit. I vomited till I fainted. Every time my soul vomited, my body became weaker and weaker. It seemed like I was vomiting spoiled milk, it tasted sour like lemon. My soul had never vomited on any of the many spiritual tours I had been in but the environment and the sudden change in atmospheric pressure was too much for me. So I fainted. When I regained consciousness, I found myself in a different world. Which is a kingdom ruled by Satan.

That place is called hell. It is filled with darkness and little light comparable to moonlight, which was just enough for you to see only what you are doing. It is a big world. Everyday thousands of people land into that world. It is a very busy place with very many evil activities taking place. To prove to you that this world is busy, nobody sleeps in hell. Including Satan himself. Everyone is on his own but in a lot of pain. For anyone to be loved by the devil and to gain his favor, they had to be in pain.

In 1Kings 18:28 we can see how the prophets of Baal cut and slashed themselves to please their gods after Elijah challenged them to call upon their gods and demonstrate their power. For one to please satanic spirits, they must be in pain. People who are oppressed of demonic spirits cut and injure themselves too. Human misery pleases the entities that inhabit the satanic world.

1Kings18:28

"And they cried aloud, and cut themselves after their manner with knives and lancets, till the blood gushed out upon them."

## Chapter Four

### The Underworld

When I woke up I could see that the decorations in that place are scary. On the walls you could see paintings of demons eating human beings, gorging human hearts and pulling out human intestines. Portraits of demons beheading people, other portraits of demons raping people and doing every unimaginable evil to human beings possible. Every portrait had a demonic power and a demonic feel to it. The hall in which I found myself was huge. The land was flat and this hall is about the size of several countries. In the spiritual world one can have information about things instantly. There is no time there. In the blink of an eye in the spiritual world, one can see a series of events that will take place in the physical world years later. One day in the spiritual world is enough to see thousands of years ahead in the physical world. Satan himself has already seen into the end of the world and he has seen how he is going to be cast into the lake of fire and this is why he attacks humanity with great wrath, knowing that he only has a short time left. Being in the spiritual world allows one to see what is to come in the physical world before it happens. Almost like being on the set of a movie while it is being filmed before it is finally released to the public. Being in the spiritual is being in reality. Being in the physical world is being in darkness. The truth is hidden away from you and it is very easy for the spiritual to fool you because they are working ahead of time. Everything first happens spiritually before it happens physically. One can compare it to lightning and thunder. We first see the lightning because light travels faster than sound and the lightning is dangerous because it can strike someone dead. The thunder comes after the lightning but it is harmless and louder. Many people get scared after they hear the thunder but the most dangerous part (the lightning) already passed.

The lightning can be compared to the spiritual world, the thunder can be compared to the physical. The spiritual world is faster than the physical world. Everything in the spiritual world appears the way it actually is but everything in the physical world is not what it appears to be. In the very center of that giant hall I found myself in is a giant altar. This altar connects to all of the satanic altars in the entire universe. Satan supervises every demonic activity in the world from this altar. Covenants that are made in every ungodly altar around the world are verified and solidified by the priests who stand in their official positions around that altar. I could not tell if those priests who stand around that altar are human or not but they are giants standing at about fifteen to twenty feet tall. They are dressed in black and their skin is pale white as if they never had blood in them. On that altar, everyone who engaged in a ritual there went according to their ranks. Some were dressed in white, meaning they were spiritually young in that kingdom, and had a smaller sacrifice. Others were dressed in red, apart from the giants who would wear black meaning that they were at a higher level than those dressed in white.

If you saw a human being wearing black, just know that this human was even more wicked than the giants. I saw only three people wearing purple during the time I was there.

Wearing purple garments meant the most senior position possible for a human being. Every human being who appeared before that altar was a sorcerer. There are four different colors representing the four different levels of sorcery before satan's altar. White, red, black and purple, which is the order of seniority in progression from junior to senior. I used to wear red and was about to graduate to black by the time I was delivered. The day of my ordination was supposed to be the day I would begin wearing black meaning I had reached a very high level of sorcery. The altar is huge and covers the entire center of that giant hall. Above it, there is a giant screen which shows every christian activity taking place in the world. That screen even monitors christian homes and businesses. Anything christian is monitored on that screen. Every christian who would appear on that screen was dressed in a glorious garment. That garment blindfolds the enemy in such a way that it becomes impossible to strategize against you. This garment is protective, it appears like a soldier's gear. There is a helmet, a breastplate, a belt, shoes, basically everything one sees someone fully armed wearing. This armor has a brightness that the kingdom of darkness cannot see through. Our main objective was to remove the armor from the christian so as to make them ineffective. After landing in this giant hall, I opened my eyes and in front of me I saw lucifer seated on a giant throne. This throne was on top of a pyramid and a dim light was coming from above the pyramid. The top of this pyramid was where the throne is and just above the throne is an eye that gives a dim light all over hell. Throughout hell, this eye is the only light that shines and this light is dim. It does not take away the darkness but it allows one to see what he is doing. There is a red carpet going down the pyramid from his throne going all the way to the end of the hall. When he called for a meeting, everyone would stand on the sides of this carpet. Only satan would walk on

this carpet. There is a technology that would raise the ground where the red carpet is so that Satan would walk up and down that carpet and be above his subjects. If you were placed on that carpet it meant you were going to be killed. On the right hand side of the throne were seven slave girls. On the left hand side I saw fallen angels eating raw human flesh and drinking human blood. Then I saw Satan eating a human hand and in his other hand was a goblet filled with human blood. He was dressed in a red kanzu (a long black long sleeved shirt that goes down to his feet similar to Arabian attire) with a black gown on top of it as a cape worn around his neck. His body is similar to our spiritual bodies but his is pale white like bleached white baking soda. In his eyes there was so much hatred that it would go beyond a feeling but now one could actually experience the hatred he has for you.

Even looking in his eyes is enough to kill you. He had two horns on his head which would appear and disappear sometimes. Satan's horns suggested that he was in the music department. In the spiritual world one can look at a thing and instantly understand its purpose. He had a tale that would appear sometimes and disappear at other times. He was created with all of the precious stones and was one of the most beautiful angels. He could resemble any race at will. He spoke all languages as well as angelic languages. He was created with all the musical instruments imbedded in his body. He can sing in both human and angelic voices and all the voices vocalize simultaneously, including the echoes, background and all of the various harmonies. He's like a one man complete band and choir and symphony all rolled into one being. He can dance all kinds of dances. Those we have seen and other styles we have never seen. When he stretches out his right wing you hear all of the drums and percussions played perfectly. Even drums we have never heard. When he stretched his left wing, all of the horned and stringed and other instruments we never imagined existed could be heard playing perfectly. He never needed a microphone or a

mixer. He can sing like a man or turn around and sing like a woman. Every musical style is his specialty. He is a better musician than any musician you have ever heard. But the most sad part about all of this is that the music he makes that was supposed to worship God and bring life, instead brings death. This is why hit records sound so good but only bring death and destruction.

Ezekiel 28:13 "Thou hast been in Eden the garden of God; every precious stone was thy covering, the sardius, topaz, and the diamond, the beryl, the onyx, and the jasper, the sapphire, the emerald, and the carbuncle, and gold: the workmanship of thy tabrets and of thy pipes was prepared in thee in the day that thou wast created."

Without a doubt he is one of the most beautiful angels ever created. He was a star in heaven. It is his deeds that make him ugly. Like the appearance of a snake can be beautiful with its many different colors but because we know it kills, we avoid it and even hate it. When I looked at Satan, he walked down his throne to the red carpet where I was kneeling. My hands and feet had been chained. He came down the stairs laughing and mocking me, telling me, "welcome to my kingdom, I am Lucifer the king of darkness and the prince of hell. I brought you into my kingdom for three reasons. One, is that covenant I entered into with your grandparents when they sold all the girls to me because of wealth and every girl in your family is supposed to be my wife. So at a certain point in life, you will be my wife. Secondly, because of the calling upon your life. You are a soul winner and you're supposed to win souls in the kingdom of your God which would affect my kingdom so I decided to get you and use you against your God. You are going to win souls for my kingdom. Thirdly, I don't give talent, but I stole you because of your talent. Your talent is going to be used as a weapon for you to win souls over to me." Then he said,

"welcome to a world of torment and torture, there is one other truth I want you to know, I hate you because you were created in his image." I was terrified while he was just laughing at me. I did not know it at the time but Satan only seems to be smarter than humanity because he operates from the spirit realm and anything that happens physically has to happen spiritually first before it happens physically. This gives him an advantage over mankind because mankind has no idea that life is spiritual. Thus mankind operates in the world of deception which is the material world, while his enemy functions in both the spiritual and the physical (material) world. Mankind is disadvantaged in the very area he believes he possesses. In sight (he cannot see) in hearing (he cannot hear) in feeling (he does not touch) and in tasting (he does not taste) and in smelling (he cannot smell). The five human senses are the five points of deception through which man is deceived to believe that the material world is all there is. If man begins to operate spiritually, he can be more powerful. This is why when Satan works with human beings (sorcerers) as soon as he realizes that they are becoming smarter than him, he kills them. Satan's teeth are like dog teeth. They are long and sharp for tearing flesh. His hands were pale and had long black fingernails that curled like a cat's claws. I was thirsty and I asked for drinking water. They brought me a goblet filled with blood which was so horrible and disgusting that I refused to take it. So Satan was furious because I refused to drink this blood so he commanded that I be taken to tour hell. He said the sooner I got used to staying there the better for me. I was taken to see the lake of fire. It was a

huge living lake. Everything in it was alive, including the fire. It made different kinds of sounds.

That lake was so deep and so wide that you could not see its end. It had about five stages, every stage being hotter than the other. Inside of the fire are creatures that grow in fire. Huge maggots and huge roaches and huge caterpillars and huge insects and I could see rocks covered in flames of fire. The first stage was in the form of thick smoke.

We were standing at a distance but we were still choked by this smoke. We felt as if our skin was peeling off our bodies. The second stage, the fire had turned into orange flames.

This fire would grow, it changed from day to day. The third stage the fire had turned into blue flames. It was almost like blue water but it was pure living fire. The fourth stage were huge rocks covered in flames that had turned red hot. The last stage, fire had turned from red to white. Even the flames of fire were white and in every stage were pillars that would connect to the heavenlies meaning that it was a pit. But God gave life to that fire.

It was created for lucifer but he does not want to perish alone. He wants to go with the whole world into the lake of fire. Every time we would look at that fire we would gnash our teeth and cry in pain. I knelt down and cried until I had no more tears to cry. After this tour I was taken up on a mountain. To get up on top of that mountain, you step on a certain square and one found themselves at the very top of that mountain. When you get on top of that mountain there is a force that pushes you and sends you down the side of the mountain being cut and injured by all of the sharp stones. By the time you get to the

bottom of that mountain you are so wounded that you could be considered injured beyond recognition. Your whole body is swollen. At the bottom, a hot liquid is poured on you.

This liquid is even more painful than rolling down the mountain a thousand times. When it is poured on you, your skin begins to come back together even more beautiful than you were before but with a lot of pain. During that process of rolling, demons are entering you because the only way they can enter is when you're in pain. By the time you get to the bottom of that mountain you had powers. I could point at a door and lock it without touching it. I could open and close zippers, bags, doors without touching them. I had powers like one of the characters in the marvel movies. The first day I rolled twice down the mountain but by the time I was delivered I would roll forty times a day. Every time you rolled down the mountain you could get a thousand demons inside of you. I rolled forty times a day for five years and six months. I rolled every day to get more powers. I was striving to get more power and more influence. The more demons one has the more power because you are able to function in both realms. When you are powerful, you are able to simply take people's money. Stealing in the underworld is the order of the day. Those with the most demons are the same who have the most power and influence in the material world.

Even those in the kingdom of God with the most power are those with the most knowledge of God's word and a disciplined prayer life (closeness to God). Every president of every nation on the earth is either filled with legions of demons or the Spirit of God. In the kingdom of darkness, it is survival for the fittest. In the Kingdom of God we depend on God's word. The two kingdoms are diametrically opposed.

From there I was taken for a satanic baptism. There was a pool with a heavy liquid in it which I would compare to oil. This room was also illuminated with the same dim light which was emanating from above Lucifer's throne. The room was huge with strange looking birds.

They also were huge, some with human faces, some looked like bats. These birds may be there to eat those who die during the process of initiation because very few human beings have ever escaped from that place leave alone lived to tell about it. I stepped into that pool and walked into the middle and then a ritual was made by a certain priest. He looked like a normal catholic priest with a rosary on his neck and a priest's collar. I couldn't tell if he was black or white or if he was even completely human. Then he told me to move forward to where he was. He was holding a big cross with what looked like Jesus hanging crucified on it. In the middle of that pool it looked like a pregnant serpent. The middle being the pregnant part while the rest of the serpent was normal. I moved forward to where the priest was. He was not standing in the liquid. He was at the head of this serpent like pool. He took another liquid and poured it on my head and then a hand pulled me backwards into that liquid completely immersing me and then pushed me back up. The priest gave me his hand and pulled me out of the pool. Then I began to see the cross turned upside down with Jesus hands no longer stretched out on both sides of the cross but now his arms were crossing in the shape of an X. I then received a spirit of antichrist. I felt a strong heated wind entering me. I had been baptized

into the spirit of antichrist. I hated everything to do with Jesus death and resurrection. From that day I became more wicked. I was taken back to Satan's throne. I was then instructed to kill my brother. A mission that I failed due to my mother's prayers. So I was taken to the altar after failing that mission and I was told to stab the altar. On the surface of the altar is what looked like a mirror with shallow water. Then I saw a baby. It was bleeding and crying in pain. Then the priest of the altar told me that I had killed that baby. Which meant for my success and fame and wealth, my firstborn child had to die. One of the most difficult covenants to break was that one during my deliverance later on. Filled with fear, I was taken on a journey into the magic world. I can't explain how much time I spent there because in that world there is nothing like time. When I asked why there is no time, I was told "it's because there is no time, it's only in the physical world that people have time but in the spiritual world, there is nothing like time. We were about five people in the whole world who had been chosen to go to the school of magic that year. And out of the five, I was the only girl. When we arrived, the man who welcomed us said "welcome to the school of magic, a world of deception where the only language spoken is lies!" And he laughed with a sarcastic laugh and began to give us a tour of that department. He said "every year, Satan chooses minimum five people, maximum seven people to go to that department." Then he told us that we had been chosen to represent Satan in that year. So he took us through a ritual. We were given knives. He told us that these were magic knives. He told each one of us to cut out our tongues. We then painfully began to cut out our tongues. It was either you cut your tongue or you die. Every ritual you passed through was a sign of death. To go through it, you have to die. But that death is not like the physical death where you stop breathing and functioning. You just become a walking corpse where your feelings, emotions

and your humanity dies, everything in you is dead. The cutting off of the tongue was for the covenant of speech. Because the power of life and death lies in the tongue.

Proverbs 18:21 "Death and life are in the power of the tongue: and they that love it shall eat the fruit thereof."

After we cut off our tongues, he told us to pick it up and put it back. Our tongues reattached magically.

Proverbs 10:31 "the mouth of the just brings forth wisdom, but the froward tongue shall be cut out."

They taught us how to play with fire. But the training was tormenting and painful the whole time. We were trained on how to use the 6th sense. For example, we would cast spells on people or on our audiences and tell the crowd that a book was going to turn into an egg and the crowd would see that book turning into an egg because they themselves were under a spell. We would turn paper into money, once the spell was over, the money would turn back to paper. That kind of magic would only work if people had allowed themselves to be entertained by you. Magic requires two parties being in agreement, the magician and the victim. The magician must first convince the other party to agree to see a magic trick.

Once the other party has agreed, the magician would cast a spell on the other party causing them to see whatever the magician wants them to see. Casting a spell is throwing demons on a person. The demon causes the person to see whatever the magician wants them to see. A true magician has sold his soul completely to Lucifer. In exchange, the initiate is given a demon or demons which will serve him during his lifetime. But when he dies, his soul belongs to the devil. I would estimate that we were there in the magic world for about six months. By the time I left that place, I was a professional magician. In the occult, they would say that I was a graduate in the school of magic. In this school of magic you're trained to read seasons, and to read the stars, to read time and we trained on how to astral project. We learned horoscopes and how to read the months, the years and how to program events. This list of things we learned is endless. I will be writing many more books revealing these things as the Lord leads in subsequent publications. This series of releases is specifically for the edification and education of the body of Christ and the world to know the truth about the world in which they live. The secret which no real magician can ever tell his audience is that his powers come from Lucifer, and that he casts a spell upon his audience in order for them to see whatever he wants them to see. I remember one of the magical things I did to my parents was to make them fall asleep during evening prayer time. Every evening the family would gather around the family altar and read the bible and pray. I cast a spell on them to sleep almost every night for about seven years. I could send them a spirit of slumber and it would put them to sleep because their evening prayer meetings were affecting my powers negatively. One morning after falling asleep on the prayer altar my dad said no more evening prayers. Everyone can just pray on their own.

The first principle of magic is "no pain no gain." The second one is "Lies." And the third is "secrets." Period. With that training I received, I could enter into any secured facility I wanted by casting a spell on the security agents.

They would open the gate for me and even wait for me to come back. Even money has magical power in it. Money is filled with symbolic images of high level sorcery. A spell has been placed on money. Money is spiritual. The love of this spiritual thing called money is the root cause of all evil in the world.

1tim6:10

10 For the love of money is the root of all evil: which while some coveted after, they have erred from the faith, and pierced themselves through with many sorrows.

I had a cat that would do whatever I commanded it to do. I would communicate with it using the sixth sense. I used it mostly to torment my aunt. I would send it to lock her in her bedroom. Whenever she went to bathe I would send the cat to go and bolt her door from inside so that she couldn't get into her bedroom again, so they would have to break the door every time she came from the bathroom. This would delay her so that she was late for work and it would cost her money to fix the door all the time.

Chapter Five

The Satanic World of Magic

Revelation 18:23 "...for by thy sorceries were all nations deceived."

After my training in magic I was taken to another world. In that world I was the only person that went there with Lucifer. The other beings I saw there were strange. Almost all of the fallen angels that fell with Lucifer from heaven live in that world. Fallen angels don't want to mix with demons. They feel superior to demons. Demons are their servants. It is very rare for a human being to enter into that world and come back alive. The first place I was taken to see was the prisons of hell. This is where those who die in sin go. I saw it from a distance though I was not allowed to enter that world. Those poor souls are tortured, especially a christian who dies in sin. There were machines in hell that would chop off their heads and they would remain alive. These souls were being forced to lay down side by side. Then this machine would chop off their heads one by one like an evil factory. It would crush their hands like ground beef and then their hands would grow back again as it was because the soul is immortal. The fallen angels are also in this world.

They're too many to count. I saw people who's lives had been sentenced to eternal destruction. Those who died in sin. The people who were most tortured were the christians who died in sin. They were made to sit in fire, to a point that they would float on it.

The only word they would say was "I wish I knew." Some were made to walk on thorns as they would cut through them. The women were being raped by those fallen angels while the men were being sodomized. Some children were in hell. These demons would bang their heads against the wall until you could literally see their heads being smashed but they could not die. Noises of babies crying were so many. These children, some of them had been initiated by their parents when they were young. Some had not been preached to by their parents and they were not saved. Instead their parents allowed them to watch cartoons and they became rebellious and died in that state. They could not enter into heaven as rebels, their blood is upon the heads of their parents. Some people were being eaten by maggots and they would dig holes through their skin. Other huge insects would eat through them but they would never die. That place is horrible. Continuous wailing and screaming and crying in pain is the order of the day there. I was not allowed to go beyond a certain point. So Lucifer took me through a tunnel and at the end of that tunnel was a big grey gate. When he opened the gate, vehicles made out of skulls and funny creatures came and parked where we were. Everyone sat in their own car and we were driven through a very big city in hell.

These cities had some of the same buildings that I see here in earth. The exact color, size and architecture of buildings on the earth. Garden city, freedom city, and green city and so many other cities are in hell. The building there and the technology is way advanced beyond anything we on the earth have ever seen. Lucifer began to show me some of his products that he brings here in earth. First of all in that world there is an industrial area with huge companies with industrial plants. I was surprised to find the Coca Cola company in hell and even my body on the earth during all of this would only drink Coca Cola. We were being driven through that entire area. I saw different kinds of technology that has not been brought to the physical world yet like moving walls. Lucifer said the the moving walk technology would be made available in the future for purposes such as prison security. Utilizing

microchip technology, prisoners would find it impossible to escape moving walls. If they tried to go above, the walls would extend up high so as to prevent escape. There are office chairs that will be able to move to different floors of a company so its senior associates will be able to be in multiple meetings almost simultaneously. At the push of a button, the chair whisks you to another room. I saw robots. Machines that looked like people. But they were machines. Robots that

were Djs. They could mix better than human Djs. There were robot news anchors reading news better than human beings. Robots were doing all kinds of work. Even house cleaning robots.

Then I was taken to a company which manufactures vehicles. That is when I realized that not all that glitters is gold. When you see the process through which the vehicles have passed, and you see that in the end they are beautiful, you realize that these cars are not worth your soul. They are made out of accursed objects like skulls, coffins and on the surface it looks like a normal car but in the spiritual realm they were made out of coffins. Some of these cars have fuel tanks that run on blood. Lucifer told me that those ones that you see with labels of car companies in your world. Just know that I have the owners of those companies power and wealth. Some of them have travel agencies, buses, taxi services etc. So they have to supply hell with blood in the form of accidents. Those cars in hell are sent to the surface of the earth through sea faring ship liners. Once they arrive in your country they look like they're normal cars being shipped into the country.

Then they are supplied to different companies and when they cause accidents, the passengers are killed supplying blood to hell. Girls looking out for men should be careful. Some men are not driving real cars. They also manufacture airplanes. These airplanes are used to abduct people. Some airplanes disappear from the surface of the earth with no trace. The passengers of these planes are abducted and are never seen again.

Like MH370 the Malaysian airliner that just seemed to disappear into thin air on March 8, 2014 during a flight from Kuala Lumpur in Malaysia to Beijing. Those missing flights go straight to hell and fallen angels devour them. Some airplanes are used to sacrifice people during plane crashes. I went to Lucifer's world of fashion. When I am referring to fashion, I'm not just referring to clothing but also to clothing and household things.

Lucifer told me that he is a god of taste and that he would fasten this world through fashion and technology. His plan is to make good bad, and bad look good. For example nowadays, if you wear something that reveals your body parts, people will say you look good. If you wore something your size and decent, they say your old fashioned or outdated

. The devil is using the media to spread his lies. Lucifer told me that he wants witchcraft sorcery and magic to be in fashion. While everything about the Christian life should be out of style or considered to be old. This is why he has given hollywood a lot of money to promote witchcraft, sorcery and magic. Lucifer said that he even controls the spread of news. Those big news companies in the media help him promote wickedness. For example, violence, murder, malice, hatred, anger and bitterness are advertised through his media. Above all, to promote lies. For example, Osama Bin Laden who is very much alive and enjoying himself is not dead. The media deceived the public into believing lies. They use media and corrupt politics coupled with corrupt international banking to steal resources from Africa and other third world countries. Lucifer uses entertainment, series, shows like soap operas, movies, reality shows like keeping up with the Kardashians to promote homosexuality and sexual perversion. Satan also uses sports, secular music and secular music videos to promote his global agenda through programming.

Proverbs 4:23 "Guard your heart with all diligence for out of it flow the issues of life.

Satan knows that the gates to the human heart (spirit) are the eye gate, the ear gate and the mouth gate. He knows that if he can get his programming into your heart through any of those avenues, then your life will produce the harvest of the seeds that have been sown in your spirit and your life will bring forth fruits of hell. That is why proverbs 4:23 warns us to guard our hearts watchfully because from our hearts proceed the situations, circumstances and scenarios of our lives. Satan knows that as far as man is concerned, evil in, evil out. Garbage in, garbage out. This is why Hollywood, Bollywood, and Nollywood to produce huge amounts of garbage to program people's lives with.

Satan told me that he owns big organizations like the United Nations (UN) and World Food Program (WFP), World Health Organization (WHO) and many other respected global organizations. He told me that he creates sicknesses

like HIV and cancer and then comes up with a solution that does not totally cure the disease but drains the finances. There is a big laboratory where they manufacture diseases. There are some diseases which have not even arrived on the earth yet that he plans to bring eventually. Satan told me that this world was created for man but he took it from man the day man turned his back against God.

Satan he said he wants to make life as difficult as possible here on earth to the extent that he intends to charge mankind for oxygen. One of the plans he has is to cut down all of the natural forests and encourage people to plant man made forests which can easily be destroyed. Imagine a world without trees, there would be a shortage of oxygen, a condition

which Satan intends to create so as to give everything to those who have sold their souls to him while those who refuse to sell their souls suffer and die. Satan said he will use the media to promote his kingdom and his lies (MOST OF THE NEWS BROADCASTED ON TELEVISION

IS LIES THAT PROMOTE THE NEW WORLD ORDER AGENDA). He said that there will come a time when he will rule the whole world. He said some of the religious leaders of this world will help him establish his mission. Satan spoke about the Roman Catholic church being his main headquarters as well as the United Nations organization. He said that he will come as a peace keeper and yet he is the source of the world's problems. He said he will force everyone to have his mark and to worship him. His mark will come in the form of fashion and technology and that will be the microchip. People love technology because it tends to simplify work for them, so they look at it like something that's in fashion. But Jesus asks the question "what shall it profit a man to gain the whole world and lose his own soul?"

He showed me that everything involving technology will be centered around the microchip.

People won't be able to operate anything without the microchip. Vehicles, homes, doors, TVs, radios, home appliances, passports (will be part of the implanted chip) phones and everything that pertains to human discourse. He said he even wants bibles to phase out, but he's going to use technology to do that. Christians will have Bible apps but no physical scriptures so that hard copy bibles phase out. Once that is achieved, he will use satellite technology to erase every bible app from cell phones around the world. He said that he uses TV programs around the world to program people's lives. He makes violence, immorality, celebrity life, abortion, alcohol and drug abuse, divorce and every sin a normal thing through programming.

He took me to a fashion house where I saw all types of designs, hair fabric, weaves, wigs, panties bras, inner wear, interior design for homes, businesses, including chinese feng shui. Feng shui is a Chinese metaphysical and quasi-philosophical system that seeks to harmonize individuals with their surrounding environment. It's basically spiritual interior design. Satan showed me many buildings with architecture that comes from his kingdom. Even the roads will be movable and electronic. Only electronic vehicles will be able to function on these electronic roads. Cars will have flying capabilities as well as hovering capabilities over water bodies. There will be aircrafts with land, sea and air capabilities. While we were touring, I heard him call a fallen angel named Apollyon and when he came I saw that he was a giant. A very scary and fierce fallen angel. Every step he made shook the ground. He is colossal in size and

fierce in countenance. His features were reptilian from his frog-like reptilian skin to his inset snake-like eyes. His voice was like a 20,000 watt bass speaker. I urinated on myself and the urine dried immediately on my legs. I was frozen and terrified at the same time. When Appolyon walked towards us I thought he was going to eat me because he eats people and people are like ants compared to him. Appolyon's sense of smell is so sensitive that he can smell a human being from hundreds of meters away. He stepped towards us and I heard Lucifer addressing him. Lucifer said "Appolyon, Appolyon the great, my fierce warrior angel, I hope you know that the time is near and that we should not take chances." Then Appolyon said "yes I know, but why did you bring this mortal being into our world? This is a world of only the immortals and we should not take chances of revealing our secrets to them."

Lucifer said; "this one is under my control, I've worked with her grandparents from the third generation, and she is the fourth generation."

So Appolyon looked at me and said, "oh I see" and laughed mockingly. Then he told Lucifer

"my king follow me, but this mortal is not supposed to go beyond the secret gate." So I asked "why?" And he simply said "the other angels will eat you." Then I kept quiet. I was then taken to another world but I did not enter into the secret gate which Appolyon spoke of. That secret gate looked terrible, it looked like a giant eye.

This gate is a portal. In that world I was surprised to see flags of countries which are in this world. I saw the flags of the United States of America

, Israel

, Canada

,

!

Satan gave power. As far as African countries I saw Libya

-

. I did not see Kenya but I heard

.

Satan talk about Mombasa being one of his headquarters of sorcery and witchcraft. I asked Satan what our flags were doing in their world. He told me that these countries have entered into a covenant with him. The deal was that he would make the nation rich and powerful and in exchange they would help him fight against God. So any agenda that Satan wants to see here on earth, he first pushes through the super power countries and they in turn impose them on third world countries as part of the conditions required for foreign aid. The slave trade, homosexuality, gay marriage in the church are part of Satan's agenda. If Satan says I want war in Libya, then America will do it. It is Satan who chooses the leaders of the weak nations through the super power countries. Satan is ruling the whole world by proxy through the superpower countries. He is forcing these countries which have not signed a deal with him to be in debts to the super power countries through the International Monetary Fund (IMF) and The World Bank (WB). Satan said the leaders of the other poor countries like my country of Uganda who's flag I saw in that world are fools. They sold their countries to him for just their positions of political power, not caring about the wellbeing of their citizens. He said "I have never worked with someone as stupid as Mobutu." Then he began to laugh loudly. He said "the only wise African leader who has sold his nation and had a become a threat to the super powers countries is Gadaffi.

"But" he said, "I doubt if he will live long because he does not have the support of the other African countries." And indeed Gadaffi did not live long after that. NATO launched an attack against Gadaffi and killed him like a dog in the streets of his own country.

Mobutu sold his country to Lucifer in exchange for power and did not even ask for the development of his nation or the uplifting of the standard of living of his people which he could have added to the deal despite the selling of ones soul being an unwise idea in the first place. The end result of selling ones soul is definitely hell fire and his portion being cast into the lake that burns with fire and brimstone for eternity. No deal with Satan is a good deal but atleast Mobutu could have gotten far more than whatever he asked for. He sold his nation and his people cheap. Some of Africa's worst enemies are some of Africa's leaders. Satan introduced Appolyon to me as his leading warrior angel, the one who fought with angel Michael during the fall of Satan and one third of the angels in heaven went down with Satan including Appolyon. Satan told me that his new trick is to lead the children of God to war against God. Satan said "I am the one who supplies these weapons of mass destruction to the superpower countries and that when they (fallen angels) come here on earth, the people of the earth call them aliens. But our mission is to build a group of armies that will fight against God when that time comes." Then he said, "that gate which has the eye, will be the gate that they will use to connect with the armies of the earth." He said he also has a trinity. He has a 'god the son' 'god the father' and

'god the mother'. He said that he fought the son of God when he came to the earth in the form of Jesus and killed him but he 'escaped' from him with his prisoners, keys and power and that is what Satan wants to take back. He says the only difficulty or challenge he has is God the Spirit who is hovering on the surface of the earth. And he showed me a thin blue cloud covering the surface of the earth like a blanket. Satan said that his mission is to lift Him (The Holy Spirit) off the surface of the earth so that the fallen angels can freely come to the world through the secret gate. And the only way they are going to do that is by grieving the Holy Spirit through the church. So Satan's eyes are targeting the body of Christ, that is why they are forcing pastors to marry gay couples and do abominable acts that will grieve the Holy Spirit. He told me that as long as the Holy Spirit is living on the face of the earth, the people are living in grace times. But after He is lifted from the face of the earth, then the next thing is judgement. Satan told me,

"when He is lifted from the face of the earth, He will go with those people that are lead by Him."

Romans 8:14 "For as many as are led by the Spirit of God, they are the sons of God."

Then Satan told me that if I went into that secret eye, I would go through all of their programs. And my iniquity would be too much for me to survive because the Holy Spirit is preventing the entrance of that kind of evil into the earth. I would die if I tried, and no fallen angel thus far has succeeded in penetrating the earth realm through that portal because of the preventing power of the Holy Spirit who arrived on the earth in 33AD after Jesus rose from the dead and afterwards ascended to the right hand of the Father. The Holy Spirit has been here operating on the earth since then and has been preventing fallen angels from having full access to the earth as they would like to.

CERN is the name of the corporation which has built the large hadron collider or portal through which the powers of darkness will be released onto the earth after the Holy Spirit

has been lifted due to grieving of His Spirit through the homosexual-antichrist movement.

This is the company which will open the portal through which Apollyon and his armies shall pass from the infernal realm of the spirit into the material universe.

There is a triple six cleverly inscribed into the CERN logo. I cover a little bit more about CERN in the last chapter of this book.

## Chapter Six

### The Evil Star

Revelation 13:18 "Here is wisdom. Let him that hath understanding count the number of the beast: for it is the number of a man; and his number is Six hundred threescore and six."

Six hundred three score and six is six hundred and sixty six (666). A 'score' is twenty.

Three score is sixty.

This number six hundred and sixty six is also expressed geometrically as the six sided hexagram star.

("Fair use" copyright law used for educational purposes) The world and most of christiandom is deceived into believing that it is the "star of David." This six sided hexagram is not the Star of David. There is no Star of David.

Search the scriptures. You will not find it. All we find concerning this star is Amos 5:26 "But you have borne the tabernacle of your Moloch and Chiun your images, the STAR of your god which you made to yourselves."

(Emphasis on star mine)

The six sided hexagram is the most powerful symbol in sorcery.

It is used during the conjuring of the most powerful fallen angels and demons.

We see this same star mentioned again in Acts 7:43 "Yea, you took up the tabernacle of Moloch, and the STAR of your god Remphan, figures which you made to worship them: and I will carry you away beyond Babylon."

This was Stephen, the first martyr for the gospel of Jesus Christ speaking to the Jews in Jerusalem. He hit the nail on the head and they were cut to the heart. Then the council and the high priest had him stoned while Saul, who later became Paul the apostle held the clothes of them that stoned him.

The symbol of the spirit of antichrist can be seen on the flag of modern day Israel and on the U.S. dollar. Just above the eagle seen holding thirteen arrows in one claw and a branch with thirteen leaves in the other.

("Fair use" copyright law used for educational purposes) The thirteen arrows represent the thirteen satanic bloodline families that control the world through three main areas namely: the financial (international banking being Satan's financial pillar), the social (control of media which is Satan's international instrument of propaganda or public relations) and the political (which is dominated again by the financial and social pillars). The hexagram has six sides on its inner hexagon, six points

at the very tips of each point and is made of six triangles. This is six, six, six (666), the geometric number of the beast.

("Fair use" copyright law used for educational purposes) Israel's flag bears the symbol of the star of the antichrist because the so-called Zionist "Jews" in positions of real power who have taken over Jerusalem are actually the synagogue of Satan.

Jesus was speaking to John the revelator and revealed a secret to him which most of the body of Christ has overlooked.

Revelation 2:9 "I know thy works and tribulation, and poverty, (but thou art rich) and I know the blasphemy of them that say they are Jews, and are not, but are the synagogue of Satan."

Jesus repeats this point again in Revelation 3:9 "Behold I will make them of the synagogue of Satan, which say they are Jews, and are not, but do lie; behold; I will make them to come and to worship before thy feet, and to know that I

have loved thee."

The true identity of the actual Hebrew people of Israel is another topic to be discussed in another publication. This information is extremely sensitive but the truth cannot be hid. The "Jews" in present day Israel are mostly Ashkenazi Jews. Descendants of Khazars who converted in the 9th and 10th centuries. Around the early 1900s the true Hebrews were placed on ships and sold as slaves from Africa where they had been scattered after the Roman general Titus invaded and captured Jerusalem in 70AD. The Roman army invaded from the north and pushed the inhabitants of Israel south into Africa where they continued to migrate and settle. This was a major fulfillment of Bible prophesy outlined in: Deuteronomy 28:68 "And the Lord shall bring thee into Egypt again with ships, by the way whereof I spake unto thee, thou shalt see it no more again: and there ye shall be sold unto your enemies for bondmen and bondwomen and no man shall buy you."

The African slave trade was one of the biggest fulfillments of bible prophesy ever overlooked by mainstream Christianity. This topic will be explored further in other publications.

## Chapter Seven

### The spirit of Antichrist

The goal of international Zionism (a Luciferian political ideology and philosophy) is to rule the world from (Jerusalem) Israel and to set up the antichrist as the global ruler of all mankind.

The spirit of antichrist is not necessarily the spirit that opposes Jesus directly. None can oppose Jesus directly, because he is King of kings and Lord of lords. Christ is not Jesus' last name. Christ means "the anointed." Therefore his name is "Jesus the anointed."

Yahoshua Hamashiak is his name in Hebrew. Yahoshua means "Our God (Yah) Is Salvation (Hoshua) and Hamashiak is "the anointed one." Therefore the antichrist spirit is the spirit that opposes the anointing.

Why does this antichrist spirit oppose the anointing?

1John2:27 "But the anointing which you have received of him abides in you, and you need not that any man teach you: but as the same anointing teaches you of all things, and is truth, and is no lie, and even as it has taught you, you shall abide in him. 28. And now,

little children, abide in him; that, when he shall appear, we may have confidence, and not be ashamed before him at his coming."

The anointing of the Holy Spirit teaches, guides, gives council, educates, protects, preserves, defends, heals, restores, blesses, inflames with righteous inspiration, enhances the spiritual life of the child of God and repels the demonic. It breaks and destroys all the works of the devil.

Isaiah 10:27 "And it shall come to pass in that day, that his burden shall be taken away from off your shoulder, and his yoke from off your neck, and the yoke shall be destroyed because of the anointing."

The anointing also destroys the yoke of the burden of sin. The curse of sin, is in it's power to keep you in sin until you die in sin and go to hell. The anointing breaks addictions and destroys demonic cycles that enslave men to Satan. Once men are set free by Jesus the anointed, they are free to serve the Lord.

It is the Holy Spirit who anoints.

St John 1:32 "And John bare record, saying I saw the spirit descending from heaven like a dove, and it abode upon him. 33. And I knew him not: but he that sent me to baptize with water, the same said unto me, Upon whom you will see the Spirit descending, and remaining on him, the same is he which baptizes with the Holy Ghost."

The terms Holy Ghost and Holy Spirit are often used interchangeably but have one and the same meaning. He is the Spirit of God.

Psalms 23:5 "you prepare a table before me in the presence of my enemies, you anoint my head with oil; my cup runs over."

Psalms 92:10 "But my horn shall you exalt like the horn of an unicorn. I shall be anointed with fresh oil."

The spirit of antichrist opposes this anointing in order to keep mankind in bondage to Satan.

2Thessalonians 2:7 "7For the mystery of iniquity doth already work: only he who now letteth will let, until he (The Holy Spirit) be taken out of the way. 8And then shall that Wicked be revealed,"

("Fair use" copyright law used for educational purposes) This is a picture of the large hadron collider which is actually a portal. The CERN

laboratory sits astride the Franco-Swiss border near Geneva. There are more than one of these portals in the earth. The actual number of them is not known. This one in Geneva is seventeen miles in diameter. The Holy Spirit is the only force preventing the passing of Apollyon and his army from passing from the infernal dimension of hell and pandemonium into the physical material world called the earth.

Revelation 9:11 "and they had a king over them which is the angel of the bottomless pit, who's name in the Hebrew tongue is Abaddon but in the Greek tongue has his name Apollyon."

The "bottomless pit" is the other side of that portal. It is the infernal world of hell where God has banished the powers of darkness and placed a veil between that dimension and the physical material world of humanity we call the earth. The only way demons and fallen angels can manifest in the earth right now is if human beings conjure them, but this method of communing with fallen angels and demons is limited. This is why Satan seeks to give man the knowledge to build and open the portal from the earthly material side giving him unlimited access to humanity. Once it is opened, and the powers of darkness can pass from that side into the physical material world, it will mean that the Holy Spirit has lifted His protective blockade.

Revelation 9:1

"And the fifth angel sounded, and I saw a star fall from heaven unto the earth: and to him was given the key to the bottomless pit. 2. And he opened the bottomless pit and there arose a smoke out of the pit, as the smoke of a great furnace; and the sun and the air were darkened by reason of the smoke of the pit. 3. And there came out of the smoke, locusts upon the earth: and unto them was given power, as the scorpions of the earth have power. 4. And it was commanded them that they should not hurt the grass of the earth, neither any green, neither any tree; but only those men which have not the seal of God in their foreheads. 5. And to them it was given that they should not kill them, but that they should be tormented five months: and their torment was as the torment of a scorpion, when he striketh a man. 6. And in those days shall men seek death, and shall not find it; and shall desire to die, and death shall flee from them. 7. And the shapes of the locusts were like unto horses prepared unto battle; and on their heads were as it were, crowns like gold, and their faces were as the faces of men. 8. And they had hair as the hair of women, and their teeth were as the teeth of lions. 9. And they had breastplates of iron; and the sound of their wings was as the sound of chariots of many horses running to battle. 10.

And they had tails like unto scorpions, and there were stings in their tails: and their power was to hurt men five months. 11. And they had a king over them, which is the angel of the bottomless pit, who's name in the Hebrew tongue is Abaddon, but in the Greek tongue hath his name Apollyon."

As soon as the Holy Spirit lifts, Apollyon will be ready to invade the earth realm with his army. Those demonic beings resembling locusts will terrorize the earth until the inhabitants thereof cry out for a savior. The savior which will be given to them is the antichrist who will appear to offer them peace.

2Thessalonians 2:7 "For the mystery of iniquity doth already work: only he who now letteth will let, until he be taken out of the way.

He that will be taken out of the way is the Holy Spirit who is preventing all out anarchy in the world. Once he is removed then you will see 2Thessalonians 2:8-12 coming into play.

"And then shall that wicked be revealed, whom the Lord shall consume with the Spirit of His mouth, and shall destroy with the brightness of His coming; 0.

Even him who's coming is after the working of Satan with all power and signs and lying wonders, 10. And with all deceivableness of unrighteousness in them that perish; because they received not the love of the truth, that they might be saved. 11. And for this cause God shall send them strong delusion, that they should believe a lie: 12.

That they all might be damned who believed not the truth, but had pleasure in unrighteousness."

The "strong delusion" in vs 11 refers to the coming massive deception that will capture all non believers. Hollywood is already prepping the world with major blockbuster movies like the Marvel series "The Avengers" and "Transformers" that have alien invasion narratives. There will be beings with superhuman strength in the last days

because Jesus told us that "as it was in the days of Noah, so shall it be in the days of the coming of the son of man." In the days of Noah, the fallen angels had married human women, Genesis 6:1 "And it came to pass when men began to multiply upon the face of the earth, and daughters were born unto them, 2. "That the sons of God saw the daughters of men, that they were fair; and they took them wives of all which they chose. 4. There were giants in the earth in those days; and also after that, when the sons of God came in unto the daughters of men, and they are children to them, the same became mighty men which were of old, men of renown."

These "men of renown" were the superheroes of that time.

Billions of dollars are being poured into this "super-hero alien invasion" narrative through Hollywood. The point of all of this is, Satan wants to position mankind to fight against God. This is the "strong delusion" that is coming. Humanity will be told that the people who suddenly disappeared from the earth were abducted. The locusts and strange beings coming on the earth and tormenting men will be said to be from the same "evil aliens." By the time the antichrist provides a solution to the alien invasion problem and gives the world a temporary time of peace, the whole world will be ready to follow him and fight against the "evil aliens" that have been terrorizing humanity. This world leader will demonstrate great supernatural power in front of mankind like calling down fire from the heavens and curing diseases and offering solutions to the global hunger and poverty issues that oppress mankind.

Revelations 13:13 "And he doeth great wonders, so that he maketh fire come down from heaven on the earth in the sight of men,"

By the time Jesus is coming to judge the earth with the saints, the whole world will be ready to fight against these "evil aliens."

Revelation 19:11 "And I saw heaven opened, and behold a white horse; and he that sat upon him was called faithful and true, and in righteousness he doth judge and make war. 12. His eyes were as a flame of fire, and on his head were many crowns; and he had a name written that no man knew, but he himself. 13. And he was clothed with a vesture dipped in blood: and his name is called The Word of God. 14. And the armies which were in heaven followed him upon white horses, clothed in fine linen, white and clean. 15. And out of his mouth goes a sharp sword, that with it he should smite the nation's: and he shall rule them with a rod of iron: and he treads the winepress of the fierceness and wrath of almighty God.

16. And he has on his vesture and on his thigh a name written, King of Kings, and Lord of Lords. 17. And I saw an angel standing in the sun; and he cried with a loud voice, saying to all the fowls that fly in the midst of heaven, come and gather yourselves together unto the supper of the great God; 18. That he may eat the flesh of kings, and the flesh of captains, and the flesh of mighty men, and the flesh of horses, and of them that sit on them, and the flesh of all men, both free and bond, both small and great. 19. And I saw the beast and the kings of the earth, and their armies, gathered together to make war against him that sat on the horse, and against his army. 20. And the beast was taken, and with him the false prophet that wrought miracles before him, with which he deceived them that had received the mark of the beast, and them that worshipped his image, These both were cast alive into a lake of fire burning with brimstone. And the remnant were slain with the sword of him that sat upon the horse, which sword proceeded out of his mouth: and all the fowls were filled with their flesh."

## Chapter Eight

### Sin City

In this same world, there is a city of sin. At the entrance of this city on my right hand side was a statue having words written "god of Babylon" and this statue was of a fallen angel. Then on my left hand side was a statue of the god of Sodom and Gomorrah and he also is a fallen angel. Our skull shaped vehicles stopped at the entrance of this city. Then demons came to usher us into the city. The demons looked like Gollum the supposedly fictional character in J.R.R. Tolkien's fantasy novel "The Hobbit" which became an important supporting character in its sequel The Lord of the Rings. These demons looked like curious villagers. They walked us into that world but a few meters from the entrance, I looked up and then I saw statues of three goddesses. One was for the water mummy, the second was for the queen of the coast who is the daughter of the water mummy and up higher was Jezebel the god of sin. This statue was of her carrying her son and sitting on the waters. The queen of the coast appears half human and half fish but is not human at all.

Jezebel appears half human and half snake but is not human at all either. They have the ability to change into very attractive looking women in order to seduce men on the earth.

They even attack human beings in dreams. People will think they are having sexual dreams but really they are being taken advantage of sexually by these spirits who are also having children in the spirit realm in order to increase the number of soldiers in their armies to fight against God and His children. In that city of sin, there is all kinds of evil.

There were demons having orgy sex, demons doing unimaginable things, sodomizing each

other, four or more demons on top of each other doing despicable things that should not even be mentioned by human beings. Jezebel controls the flow of money or currency in this world. Jezebel is the strongest demon that Satan has. This is why people with companies that have sold their souls to Satan advertise their products with Jezebel as well. How would you explain a company advertising bread with a half naked woman, or soda, advertised with a half naked person? The dirty businesses like drug trafficking, human trafficking and nightclubs, pornographic movies, sex slaves or prostitution are some of the high paying businesses being run by Jezebel. Jezebel is behind the fall of many of the mighty men of God. From the days of Elijah, Jezebel's spirit is the same as Delilah's spirit. It brings down the mighty men of God. Jezebel is behind corrupt government officials, this is why corrupt leaders have many concubines. This is also why in many offices one is has to sleep with the boss to be promoted or even get a job for that matter. Jezebel was in Potiphar's wife when she pursued Joseph. Jezebel is behind the many injustices in the judicial system which condemns the innocent and sets free the guilty. This is why for you to have your way in court, you must have money. Jezebel is the spirit behind divorce, abortion, adultery and fornication. Jezebel rules over bribery and misuse or mismanagement of resources.

After Satan explained to me who Jezebel was, a demon brought me a goblet with some wine in it, and on this goblet was written "Jezebel the god of sin." The demon told me that if I drink from this cup of the wine of Jezebel, I would rule over all the men of the world because Jezebel is behind the women's emancipation movements. There was a wall upon which was written all of the names of the women who had ever drunk from that cup. I read some of the names. Big names in the entertainment world were there. I saw Lady Gaga and I also saw Beyonce's name there. Sasha fierce, (the wicked spirit spirit that enters into Beyoncé during her concerts and videos and rules over her and through her) is Jezebel. Jezebel opposes God's order of marriage and family in the home. Jezebel wants men and women to fight over rights and equality. Yes we are all created in God's image and I don't advocate for the abuse of women but there is an order that God has made for us to respect and to love one another and to walk in unity. Jezebel is behind the raping of men and women. In that city I saw all sorts of wickedness, the wickedness in this world and in Satan's world. Then Satan told me that the reason as to why he took me there was because when I turn eighteen, he would marry me and make me a queen in hell and I would bare him a son.

So I was taken on an altar in that world and they made me lay down on it. And a huge snake came and entered my body through my leg. It was an extremely painful process. And it was from that day that I was given the stage name "Erica Scorpion." Because my second name

"Mukisa" means blessing and Satan could not pronounce it. It would've been as if he was speaking a blessing upon me which is impossible since there is no blessing in him. Satan told me that I would be queen and rule over men and Jezebel would be working with me, together with the queen of the coast who rules over fashion. They called a demon called Cleo and told me that it would be my guiding spirit. Just as the Holy Spirit causes His children to grow spiritually in the things of God, that guiding spirit was supposed to help me to grow in the things of Satan. Cleo would tell me what to do. He would tell me what to wear, who to hang out with, where to go, where not to go and so on. From this city of sin, I was taken to the satanic bible school. I cannot possibly write about all the places and everything I experienced over and eighteen year period in just one book. I will be revealing as much as possible in subsequent publications. Some of these things are written about in my other book seven years in hell and a few times in heaven.

## Chapter Nine

### Satan's Bible School

From that place we were flown to the satanic bible school. Hell is a big world. Flying from that satanic world to the satanic bible school took us around five hours. In hell there are aircraft. There are airports with technology in that world which this world has never seen. From the airport I was driven to Satan's bible school. When I arrived there, I saw very many people like me, and I was happy to find other human beings because the world I was coming from had no human beings. Surprisingly, the people I was happy to see were not happy to see me. They were jealous because I arrived with their boss Satan himself. It was after this that I realized that in hell there is no friend. You're on your own. It's survival for the fittest and only the strong survive. These sayings come from the world of hell because that is how that world operates. At this bible school there were very many people. Almost every devil worshipper is taken to that school for training.

I entered a room filled with books. These were not just normal books, they were religious books with false doctrine. Catholic books, Muslim books like the Koran, magic books etc.

But there was one book that the enemy opposed and that was the bible. He opened that book and told me that everyone in that book is nothing but lies. To prove to me that the Bible was false, Satan began to ask me, "how can a good God create hell for the people He created and the same people are the ones he claims to love. How can he claim to be all powerful and yet when his servant Moses turned a staff into a serpent, pharaoh's servants did too? How can the prince of peace advocate for violence?" he asked. Then he opened the Bible where it is written Matthew 11:12 "...the kingdom of heaven suffers violence and the violent take it by force."

Satan opened another passage of the Bible to exodus 34:14 "You shall not worship them or serve them; for I, the LORD your God, am a jealous God"

Then Satan said that God had him thrown out of heaven because he was brilliant and talented and wise and God could not stand that, so in jealousy God had him thrown out unfairly "and yet all I did for Him was serve Him and He mistreated me. Can't you see that those who serve God in the earth are poor?" God does not appreciate His servants well but I do." Then he opened up the book of Genesis and he said that God wanted man to be stupid for the rest of his life. Walking naked, naming animals, chasing them and just living a primitive life. When he told man what God had intended for him and man ate from that tree, this was God's concern, and Satan opened the Bible to genesis 3:22 "And the LORD God said, The man has now become like one of us, knowing good and evil."

Satan said that "man was not punished for eating the fruit but he was punished for becoming wise. So who loves man, the one who made man wise or the one who wanted him to be stupid?"

The devil is shrewd in deception.

Satan told us that God put suffering in the world and He is the one who put enmity between the seed of the serpent and the seed of the woman. The woman and the serpent were friends the whole time until God made them enemies and cursed her to bring forth children in pain."

With such reasoning and such arguments the devil has deceived his servants. Satan took the scripture where Jesus asked the Father in Matthew 27:46 "...why have you forsaken me?"

Then Satan told us that God is so mean that He turned his back on His own son and sacrificed him and blamed him (Satan) for his death.

These lies come out from Satan's mouth with great ease. Satan asked me, "if God can forsake his own son, what do you think he will do to his followers?" Then he told me that Satan said he did not tempt Jesus (Luke 4 from verse 2) but he was offering him money since Jesus was serving God but was poor.

Then he said, "Jesus knew that even after John the Baptist served God faithfully to a point of him being beheaded, Jesus still said that even the least in the kingdom of God was greater than he because he was poor and God does not

appreciate His servants!"

With many similar arguments and deceptions, Satan made me hate God. I used to converse with Satan face to face. But one day as he was quoting Philippians 2:9 to give another twisted interpretation he said, "9Wherefore God also hath highly exalted him, and given him a name which is above every name..."

As he was quoting that scripture he collapsed on his face and everyone in that department collapsed including me!

After this incident took place we did not speak about it directly but after quite some time he said that this book called the Bible has power that has been opposing his power.

The devil instructed me not to ever read the Bible with believers because the power of God would strike me dead.

Matthew 18:20 "For where two or three are gathered together in my name, there am I in the midst of them."

Again Satan was deceiving me that if I read the scripture with a believer, God's power would strike me dead but the truth is that God's presence is wherever two or more are gathered in his name. The presence of God does not kill His children but it actually brings liberty and healing.

2Corinthians 3:17 "Wherever the Lord's Spirit is, there is freedom."

I worked with Satan for eighteen years. It is not possible to give you all of the events that transpired during that time in one book but I will publish more and more books in order to expose the enemy and edify the body of Christ as much as possible.

Then Satan took me to a hall where all sorcerers would gather and lay strategies on how to attack the church. I was the youngest in the meeting but one day I got surprised when I saw the most powerful sorcerer in the whole world. This boy was just eight years of age.

By the time I left hell he was eleven years old. He knew that he would die at eighteen years of age because every devil worshipper knows when they are supposed to die, this is why when they are given money, they spend it like there's no tomorrow. I saw in another meeting mighty men and women of this world assembling in that conference hall. These were city tycoons, people of influence, rulers of this world. I even saw Gadaffi, Osama Bin Laden, I saw presidents of nations, musicians, actors, football stars, and even some people I thought were pastors and servants of God. I will talk about them in the chapter concerning the spiritual vampire, but allow me to talk about my physical body and what was happening to it while my soul was traveling and interacting with the spiritual world. When my soul was taken, my body was left behind and I went back home confused and terrified.

When Chameleon took my soul and got into the fish, my soul began to vomit, I also began to vomit physically. And when I fainted in the spiritual, physically I also went into a deep sleep and I slept in the front yard of our house. When my mom found me sleeping on the ground she shouted at me and told me to get up and go to bed. That was the last time I ever slept and because of that I hated my mother so much. I began to fall sick and the hospital became my second home. I was always in and out of the hospital. When I went back to school, Nabil became my best friend as he had foretold earlier before Chameleon took my soul to hell. Nabil started teaching me on how to live my life as a devil worshipper. He taught me how to use my sixth sense and the other eye to see. One time Nabil made me escape from home in the night and we went to the source of the Nile. We stepped into the shores of the water and we found ourselves going to hell physically. When we arrived there, I was shocked! I saw Nabil's mother in hell! Nabil ran and sat on Lucifer's lap and Lucifer called him his son. Lucifer laughed at me because I could not hide the fact that I was shocked. He told me that if I ever want to survive as a satanist I have to kill my emotions. He then sent me to initiate students for him. I started initiating students in school. I would initiate them through make-up, clothing, drinks mixed with blood (like juice and other free drinks I would offer freeloaders) and through ungodly relationships.

By the time I was prayed for, I had initiated 996 youth. My hair was abnormal. During the day my hair was short but at night it would grow long. At night my hair would grow all the way down to my bottom. My nails were long and they would never break and they had a natural orange color. I became rebellious and my dress code changed to a very sexy and defiant look. I had no friend except for Cleo and Nabil. After they inserted the snake system in me, I

stopped eating normal food. I used to eat chalk, charcoal, soil, dry uncooked rice etc. If I had a normal meal it would be chicken. I could eat five full chicken. My appetite was ferocious. If I went out on a date with a guy I would put him under a spell and clean out his wallet. He would even go get more money and bring it to me. Anyone who was not born again could become my slave. I hated my brother so much that I tried to kill him on many occasions. I tried to kill him through motor accidents, stabbing, poisoning and one time I got a large piece of metal and threw it at his head with the intent to kill him. The way he escaped I have no idea till this day. I know my

mother's prayers for him have a lot to do with it. I could appear at three different places at the same time. One time I was going to perform erotic dances at the club as I had become a queen dancer. When my brother saw me dancing on stage with men screaming and lusting after me he decided to run home and tell my mother. But when he got home, he found me in my bedroom. He was shocked and horrified. He ran away. From that day onward he never wanted to share a room with me. He avoided me like the plague. From the time Satan had control of my soul I never drank a drop of water. I had the ability to possess another person and make them do whatever I wanted them to. One day there was a girl from a muslim family who had given her life to Christ. This affected the devil in a way because this girl began to preach to her family members. Her father used to go to shrines all the time.

So Satan ordered me to initiate that girl into Satanism. Pulling that girl out of Christianity was very difficult because she loved the Lord. So I went to my friend who was a secular musician by the name of Radio. We decided to use the sixth sense and possess her both simultaneously. When we succeeded, her spiritual life began to go down. I began to control her. Because God is all knowing, He caused the sister to get saved also after the first one had backslidden. The sister who had backslidden used to get a lot of menstrual pains during her periods. Her father would take her to the shrine seeking a cure for her problem. One day her sister spoke to her pastor about her sisters situation. The pastor decided to invite the two sisters to his house for prayer. When he began to pray with them, this girl fell down and demons began to manifest and they began to cast us out of the lady. At that exact time I was in a nightclub with Radio called Babylon. When the pastor was casting the demons out of the girl at his house, Radio's spirit and my spirit was also being cast out. When demons are cast out of a person there is a great deal of fire power made available. This is why the demons scream when they are being cast out.

While this pastor was praying and casting demons out, Radio and I were in the nightclub screaming in pain. The people in the nightclub thought we were just having fun and making noise. As the pastor shouted fire, I was being burned and taking off my clothes from the pain of the heat. Radio and I were eventually cast out like demons. After this incident I fell sick. I was rushed to the hospital after fainting. When I came too, my head was in serious pain. So the doctor suggested that they pour some water on my head and when they did that, steam began to come out of my head. This attracted all the doctors in the hospital. The doctors decided to call my father, they told him that my condition is spiritual and they should take me to a shrine or a church or back to the house to die.

When my relative heard what had happened to me she told my parents to take me to her house. But on the way to her house I died. Knowing what the doctor had said, my mother began to pray. As she was praying, God brought me back to life. I believe I was supposed to die but my mother's prayers caused God to intervene. When my relative saw that I was alive she asked my mother "if you knew that your God would heal her, why did you bring her to me?" My mother had no answer to give her and the following day we went back home.

Serving Satan is a life of pain throughout. On another occasion I was sent to attack a certain pastor by the name of Umar Mulinde. This pastor was being used by God to expose the devil's lies in Islam. So in one of his crusades, Satan had sent one of the top witches in the eastern region called Musana who held the principality of Jinja district to fight that crusade mission. But while Musana was there he got saved! So I was sent to go and stop Musana from surrendering our powers to the man of God and to kill Musana for betraying us. I dressed up quickly and ran out of the house, I by passed my mother without saying hello. My mother called me and asked me how do other parents make their children love them and greet them. Why can't my daughter say hello to me? Then I told her "between me and you there is no fellowship." She did not understand what I meant. She just thought was being disrespectful, which I also was but there was deeper meaning to my words. As I was going she said "may my God go with you." I became furious and just walked out on her.

When I arrived at the venue I saw the place being guarded and there was a huge wall of fire surrounding the area. I knew that the intercessors were doing their work. I decided to send demons into the muslims. They poured salt into the generator and they began to burn the posters of the crusade. This was to distract the intercessors. They began to pray carnally sending fire to the muslims. During this time the fire that was surrounding the crusade lifted. I entered

the crusade area with millions of demons under my control.

Musana felt me because he had the sixth sense but when I went to where he was, he was being guarded by angels. This confused me because he had not yet given his life to Christ but only wanted to. And here he was being protected by angels. If Musana who was not even saved had angels protecting him, how much more do the saints have nothing to fear?! I insisted and I began to fight Musana and prevent him from getting saved by sending arrows at him. An angel of God got all those arrows and threw them back to me and I was going to

die. Because I knew what was going to happen to me I screamed and this attracted the crusade ushers. While the ushers were holding me the angel commanded the arrows to fall to the ground. Then the angel came to me and said "daughter of satan, the God of your mother has heard her prayer and He has decided to protect you even in your rebellion, therefore walk out of this place and don't look back, because of you do we will have no choice but to kill you!" Defeated, I walked out of the crusade leaving all of my powers and demons behind. And while I was walking out I heard Musana testifying how he had given his life to Jesus. When I went back to Satan, he did not even wait for me to explain. I was beaten thoroughly. I nearly died but the God of my mother protected me.

## Chapter Ten

### Selling My Soul For Power and Fame

Luke 21:19 "In your patience, possess ye your souls."

After this incident with Musana, I decided to leave Jose Chameleon's band and start the good life band with Mozey Radio, Weazel and Jeff Kyiwa. We were told by Jeff Kyiwa who our group manager at the time to go and visit a certain catholic priest who would initiate us into the "ministry." After this initiation we would have lots of money, popularity, fame and success. We got into some cars and were driven to a home in Mtinda (a suburb of Kampala). When we reached the man's home it was clear that this man was super rich. We entered three different gates each opened by remote control. Our vehicles were parked in the parking where all kinds of expensive cars were parked. I saw new hummers, Mercedes benz, Lamborghinis, Ferraris and Rolls Royces and they were all the owner of this house's cars with his own personalized number plate (license plate). We were ushered into the house by some well dressed fine looking girls. They were inhumanly beautiful. There were about twenty of these very beautiful girls. So we entered into a big living room fully furnished. We were about people. The owner of the home welcomed us. He said,

"welcome to my humble abode. I believe you know what you have come for but I will not address you all at the same time. Although I must assure you that whatever you desire for, you will get it today. Not everyone arrives at this conclusion. It's only the brave soldiers who know what they want and are ready to take chances." Then he pointed at some others and said "I'll start with you." And we were among the last people he was going to work on. He told us to make up our minds before we entered into that room. But as time went on, everyone who came out of that room was shocked and traumatized and wiping tears from their eyes. I almost ran out of that place but Radio encouraged me to go through with it. The time came and Radio's name was called. I knew I was next after Radio. He stayed inside that place for two hours. When he came out of that room, he looked miserable, shocked, traumatized and disappointed. Eventually I was called. When I entered into that room, it was dark, decorated with red and black with a small pot on a raised altar.

Everywhere on the walls on every side were mirrors. I knew I was in a shrine. But I wondered why a catholic priest was conducting services in a shrine. This priest is the head of the Catholic Church in my country. He was dressed in a white gown with a rosary

and he had water in a bottle and he was spraying it around me. There was a piece of cloth covering the pot that stood on the altar. There was also a basket in the corner that had eggs. So he took an egg from the basket and then he gave it to me. He told me to handle that egg with care because if it fell I would die instantly. He told me to close my eyes and speak to the egg and tell it everything I would want to achieve in life before I die.

Then I spoke and he told to drop the egg very carefully into the pot and see to it that it does not break, which I did. He then covered the pot, enchanted and removed the piece of cloth. When I looked in the pot I saw two eggs. Then he told me to take the same egg I put into the pot. He then took the other egg and broke it into two. That egg had no liquid in it. He then showed me the inner portion of the split egg. He then asked me if I see anything in it. I said no. He then told me that they would give me everything I had asked for but this ritual would determine how long they would work with me. He then commanded me to carefully swallow the egg. He said if anything dropped down I would die. It was a very painful process. It was a magical egg. I succeeded in swallowing it after six good hours but I cried, I sweated, I felt like I was dying. After I swallowed the egg. He showed me the other split egg and I saw a handwriting in blood saying forty. Meaning I was going to have fame, success and everything I wanted but I was going to die at forty years of age.

There was no reversing it. Then when I walked out I found Radio. I told him what I had been told. He told me to keep quiet and not to tell anyone and to enjoy the little time I have on earth when the money comes. He said I was lucky because he had been given less time than me. Then he said at this point, there's no turning back. We got what we wanted.

"Better to die rich than to die poor." He said. After we left the house we went to a nightclub. Radio drank the night

away to forget everything he had done. Around the fifteenth of September we were taken on a mountain in the underworld with about one thousand other sorcerers. I saw businessmen, politicians, musicians, and while we were there we were going to switch peoples destinies and take their stars and give them our fake stars. God had assigned a small church to pray for the blessings of the saints. This church had about 22 people. So while we were burning incense, smoking pipe and cursing and switching destinies, they began to pray. While they were praying, we tried to send them the spirit of slumber. But at the midnight hour, God woke up the pastor. And he woke up the saints and they began to wage war against us. A mighty hand came from heaven with sticks beating everyone of us with brute force. We had gathered in one direction but we scattered in many. We were thoroughly beaten to a pulp, including Satan himself. It was a life and death situation. Everyone escaped for their lives. A star represents destiny. In Genesis 37:1-11 Joseph's brother's stars bowed down to his. Meaning that he would be their leader. When Jesus was born, his star was seen, and it was the star of a king. It's possible for the enemy to switch people's destinies. There are people who are destiny helpers and there are people who are destiny killers. The destiny helpers are like the wise men who came to visit baby Jesus with gifts. There are people like Herod who are destiny killers. I had been trained to switch people's destinies. When you discover that the enemy has stolen your destiny and you decide to pray, God sends a hand which blots out every evil handwriting which had been programmed against you and reprograms your life according to His purpose. He causes the enemy to pay seven times what he stole and then God restores the years that the enemy had stolen from you. Glory be to God.

I worked with a so-called woman of God. She has one of the biggest churches in Uganda.

Satan had assigned us to pull down true men and women of God, especially those who walk in the anointing of John the Baptist or Elijah, who don't compromise and preach the true word of God. This woman had been given a lot of money to destroy pastor's ministries. For example, every pastor she gave a car (which symbolizes ministry) it was just a matter of time before their ministry went down. Those who she gave expensive beds, their marriages would end in divorce. She did it for a long time before the true servants of God realized who she was. I thank God they are beginning to realize that this woman is not one of them.

There are so many things that the enemy caused me to do against the church that I will expose in other publications.

## Chapter Eleven

### My deliverance

Truly I was an enemy of the church. I had no plan of ever getting saved. Everyday that went by I grew from bad to worse. My lifestyle was about clubbing, alcohol, smoking, getting high, dancing, initiating young people into satanism and sorcery. I reached a point and I decided never to step into a church unless I was on a mission. This was because one day Satan had sent me to fight against Pastor Robert Kayanja's ministry in a conference. It was while I had gone on that mission that the Holy Spirit took away all my powers and getting those powers was a very painful process. So I decided to go back to Satan and get more powers and come against the church with more strength. It was during that time that my mother felt burdened to pray for me. That is when she realized that something was wrong and that I was not normal. Then she began a home family prayer altar.

Every night we were supposed to pray as a family. It was during that time that I cast a spell of slumber on my family members and they all slept while in the seated position and they woke up in the morning in the living room, they were even late for work! After waking up in the morning my dad was upset because he hadn't gotten a good night's sleep and still had to get up and go to work. I remember daddy saying "from today onwards everybody prays by themselves at night wherever they are!" This is how I turned off the family altar that mommy was beginning. Witchcraft and manipulation go hand in hand. This went on for years.

The family had no idea they were under my spell the whole time. I wonder, how many families in this world are under spells of witchcraft and have no idea? Truly, Jesus came to set the captives free. Part of the problem is that most captives have no idea that they are captives!

While I was on a trip to get more powers, I heard a voice saying "enough is enough, you will never succeed in this again." Upon hearing this voice I got scared but I ignored it.

When I went to Lucifer I told him about the voice and he said that it is from my enemy and that I need to go into a fast and separate myself from the rest of the world for 15 days.

So I went back home and locked myself in my bedroom for fifteen days. I only got out when I was going somewhere. I wasn't speaking to anyone. It made my mum get more concerned. To the extent that she had to share with the pastor that something was wrong with me. At the end of the fifteen days, my mom tricked me into going to church. She said that pastor had brought me a gift from overseas and that I needed to pick it up personally. When I got there, the pastor's wife ordered all of the ushers to make sure I don't escape because they needed to pray for me at the end of the service. Immediately I began to consult my spirits and Cleo told me not to panic. He told me that as soon as the pastor comes to talk to me I should start crying. And when he asks me why I'm crying I should say that I'm scared because mommy is about to have a medical operation and I don't want to lose her. I did as Cleo advised and the pastor instead of praying for me he asked my mother why she didn't tell him that she was going for an operation? Needless to say, my mother was speechless. Then the pastor and his wife decided to take mom into the prayer room to pray for her and that is when I found an opportunity to escape. When they came out of the prayer room I was gone. By the time mom came home, she was furious. She asked me why I tricked her about being concerned about her operation, then I asked her why she tricked me about the pastor having a gift from overseas for me? Then she kept quiet and walked away.

And that was the end of that.

My mum was operated upon and she was supposed to die on the operating table, but because pastor had prayed for her when I pretended to be concerned about her upcoming medical operation she was saved. Truly romans 8:28 came to pass right in front of me.

"And we know that all things work together for good to them that love God, to them who are called according to his purpose."

So grandmother Adroniah came to give me a hand. She even poisoned my mother's food and we watched while she

ate it. She poisoned mum's food about six times. There was a day when she put poison in her food once in the morning and once in the evening and my mum just ate the food and even asked for extras! Grandmother used poison and witchcraft combined and my mum just seemed to be getting healthier and healthier. When everything failed, Satan told me to go to a certain school and initiate four children of different pastors in town. Then he told me that the only way to kill my mom is by killing my brother. He said we'll kill your brother in an accident and your mother will die of shock. It was while I was on my way to my uncles house so that I become a member and befriend pastor's children and initiate them into satanism. Mozey Radio, the driver and another musician who's stage name was Kid Fox were driving to Kampala from Jinja. We began to debate on whether I should go to my uncles house or not because a few days back he had visited us at home in Jinja after my grandmother had gone back to the village having failed to kill my mother on the operating table. It was during this visit that uncle decided to pray for me. When he started praying for me, I turned into my grandmother and my visage changed to hers and I began to speak in her same voice. Grandmother began to confess through me that she was responsible for my mother's sickness and that she had wrapped a dead body into the bedsheet that she gave her so that every time she went to bed she slept with the dead. She also said that all of my clothes and shoes are covenanted and they grow in size as I grow in size. It was after this that uncle burned all of my clothes and bedsheets and the following day my aunt came home and asked why I had burnt the clothes yet nobody had told her. Then she picked me up and put me on her lap and I got re-empowered with more demons.

So this was the reason as to why Radio was not comfortable with me going to my uncles house. If my uncle would have prayed for me, it would destroy our progress. It was while we were arguing that I again heard a voice telling me that "if you go to Ntinda, you will not come back alive."

Then again I heard a voice telling me "I'm going to give you a second chance, and I want you to take my children out of Egypt and lead them to the promise land, it's either you do that or you will die."

I looked around but I could not see anyone talking to me. Now when we got to beyogwerere (a suburb of Kampala), Radio and Weazel heard their music being played in a bar so they decided to get into this nightclub and cheer up their fans as celebrities do and take selfies to entertain people. When they got out of the car, they were mobbed by fans, It was during that time that I heard a voice telling me that this is your last chance, you either escape now or never. So I got out of the car and jumped on a transport motorbike and got away. It was after I had gotten to a certain distance away that Radio saw I had escaped but it was too late, he was surrounded by fans and I was already way down the street. The bike transport took me to my uncles place. I have him every penny I had and ran into the house. When I got into the house I found that my uncle and family were on forty days of fasting. I convinced myself that I would stop them from fasting and break their altar but I would rather hide there than be dead. My life was in serious danger and I had nowhere else to turn. At the very least uncle Patrick's house was better than dying.

I started on my mission to pull them into the flesh through the propensity of anger. I started breaking every breakable kitchen utensil in the house over an three day period. I was watching horror movies and lots of secular music in the house because I wanted to create a heavy demonic atmosphere conducive to my operations. Every night before they went to sleep they had a family altar or evening bible study and prayer session before sleeping. Before going for the family altar I would go to the toilet and call for more demons so that I could stand to be in the same room with them while they prayed. It was after one of the prayer sessions that my uncle requested to pray for me. He told me to open the Bible and read the Bible with him. This was something I was never supposed to do because it meant that the power of God could strike me and drain all of my powers in an instant. So when my uncle insisted that I read the Bible, I was struck indeed and I collapsed. When I came too, I was surrounded by my uncle's family. They told me that I was moving around the house like a snake while they were praying for me. Uncle said they had cast out that snake from me so I knew my snake had gone but I was tired of living for Satan. My uncle continued to pray for me everyday. The following day I vomited the egg that the catholic priest had commanded me to swallow. The third day I vomited human hair and apparently it smelled like fish yet I never used to eat fish. The fourth day my hair flew straight up during prayer and I began to twist my uncles intestines using sorcery.

Uncle started praying for me on a Sunday and I was delivered on a Friday. One day as uncle was praying for me, my other uncle, Peter, was in the reading room. Then he got a phone

call indicating that uncle Patrick was calling him. So he decided to just come and see because uncle Patrick was in the living room. When he asked uncle if he was calling him, uncle denied because he didn't even have airtime on that phone to call with. Then uncle picked up his phone and saw that his phone was not calling his brother and he

did not have airtime so while his brother's phone was still ringing with uncle Patrick's caller ID he told him to pick up the call. When he received the call he could hear demons manifesting through the phone. It went on like this for two hours until my uncle got tired and just switched off his phone.

This reminds me of an incident in school when all the children had bathed and then us satanists would go in last. This is because I only showered with boiling hot water. Every time I would go with boiling hot water into the bathroom. I would bend down and cover my head with the cover of the bucket and inhale the steam. This steam was my transport to the spirit world. In an ordinary circumstance this kind of steam could've given my face third degree burns but for some reason it never burned me. We used to go into the bathroom last together because we needed to protect one another because when you go into the spirit realm, your body is not supposed to be moved until you come back.

So I had a friend who I trusted and I felt comfortable with her watching over me while I went into the spirit world. But one day after we had finished bathing. She told me that I had grown spiritually and there were certain changes I would begin to experience. I did not understand what she meant, but while I was walking out of the bathroom, a student pointed at me and began shouting "come and see a big cat!" I thought this student was joking but when she persisted I began to defend myself and tell her I'm not a cat but every time I opened my mouth to speak I began "meyowing" like a cat!

Now this friend of mine spoke to me and she told me that I would be seeing changes in my life and this was one of them. You've changed into a cat, those students are looking at a cat. Then she said "I've changed as well, the student started yelling, "oh look now there's two cats!" Now when they began pointing at us and screaming that we are cats, I ran behind my friend because I was scared. Then she instructed me to use my sixth sense and jump over the wall before they start stoning us. So she jumped up on the wall. I tried to do what she had done but I failed, but when I used my sixth sense I jumped on the wall successfully. Then we ran into the forest. While we were there she told me that these things happen to devil worshippers but when I get used to them, they will be of help to me. She said that at a certain point I would get used to it and I would be able to perceive when it is about to happen and move away from the normal people so that I don't change in front of them. Later when I got used to it, I would leave the school grounds anytime I wanted to. One time we had escaped to go to a club from school. Our school teacher saw us in the club. She decided to call the school security so they could catch us in the act and gave us expelled. But I ran back to school with my friends. But my friends couldn't get back into the school grounds. So I told them to wait for me while I go convince the gate man to allow us to enter. When I got close to the gate I turned into a cat and entered the school premises and ran back into the dormitory, turned back into a person and jumped into my bed. The other students were unable to get back into school so they were caught. Now the school teacher was convinced that she had seen me in the club.

So she came straight to my bed to confirm if I was there or not. But when she opened the blanket I looked at her with a mocking gesture and she was terrified! She told the matron that some of the students are not normal people. But I told the matron that the teacher just didn't like me. Which side would you take? Later after my deliverance this same teacher came to my uncles house for a fellowship. While she was there, she saw me in the living room. She was very shocked! She asked my uncle if I was also born again. Then my uncle gave her my testimony. Then she said, "if what you're saying is true, then God is real. This girl tortured me when I was a teacher to the extent that I gave up teaching.

Right now I'm working in an NGO, I'll invite her to come and minister, it is only after I see her ministering that I will believe what you are telling me." She organized the meeting, I ministered and many people got saved and after she saw that, she confirmed that God is real and that He is indeed powerful.

Now on the last day of my deliverance, it was the very day that I was supposed to be married to Lucifer. On that very day one of the top witches had announced that all the witchdoctors meet in a certain hotel in Mukono (a suburb in Kampala). By the midnight hour I was supposed to have presented the two sacrifices which I hadn't. And after I had run away from Radio and Weasel I wasn't sure if it was a good idea to attend this final initiation. But I knew that they would come after me eventually. While I was in the bedroom ironing I heard a voice of someone telling me, "you cannot run away from me and

get away with it." I was terrified, I knew who's voice that was. It was Lucifer's. When I turned around to see who it was, indeed it was Lucifer, he had entered my room. The first thing that came into my mind at that time was to run

to my uncle. But as I was trying to run and open the door, he pulled me backward and I fell to the ground with a hot flat iron almost burning my neck. I fought for my life but Lucifer was strangling me. I tried to scream but my voice was not coming out. I did not give up, I tried to scream until my voice finally came out. That is how my uncle heard me. He was going to take a shower and get ready for the overnight meeting where he was going to minister. When he heard someone scream in the girl's room he ran to see what was happening. When he came he found me on the ground unconscious with foam coming out of my mouth. Indeed, if uncle had not come at the time he did I would've been found dead in the bedroom. People would've assumed that the electricity from the iron shocked me to death. So he first removed the iron from my hand and carried me to the living room and started playing praise and worship music. That music was like first aid to me because I began to breathe. Then they began to pray for me.

As they were praying for me, demons manifested. The spirits of friends who were devil worshippers in my school were speaking through me and screaming and being cast out one by one. Every spirit spoke with their voice through me and said what their mission was in my life. Everyone who had ever bewitched me confessed in their own natural voice what they had been sent to do and the purpose behind it. I had been bewitched by almost every witchdoctor I came across. They bewitched me because of the favor I had with Satan. From seven pm to midnight the demons were not leaving, so uncle decided to call the church where he was going to minister and ask them to join in prayer. So when the church members began to pray, the fire increased. All of the Ugandan celebrities began to manifest themselves through me and yet I was unconscious. Chameleon spoke and said that he had initiated me seven years ago and that they were not going to let me go. Then as uncle Patrick continued casting him out Chameleon began to talk to his brother Weasel saying, "I told you not to capture this girl, her parents are saved, they're going to pray for her and start destroying our things, now see, Our things are being destroyed and our secrets are being revealed!" My uncle cast out Chameleon and he screamed and left my body and then Weasel began to manifest. "Yeah man, it's me Weasel, this is our girl, I ain't leaving!"

Uncle prayed again until Weasel screamed and left. Then Ragga Dee (an older Ugandan artist) manifested. "Yo man, what's up, this is Ragga Dee, the grandfather of all the musicians in Kampala. I'm not a coward like the Chameleons, so I'm not leaving!" Uncle prayed again and Ragga Dee screamed and left. Then another one manifested. "Big is big, Big Size extra large, I'm not leaving, do what you want!" Then uncle continued to pray and extra big screamed and left. Then uncle heard a voice saying, "Yo Salute, to the ghetto president, one love and the ghetto people, the president of the republic of Uganja, I'm Bobby Wine! Respect me, I'm not leaving!" Then uncle prayed and Bobby Wine screamed and left too. Then came another voice singing and saying, "I am de king of de Radios, you cannot cast us out of dis gal. She was given to us by her grandmada." But uncle insisted and prayed and then Radio screamed and left after hurling bitter curses and abuses, then he left. Then the next one was a popular DJ. He said I'm de numba one spin docta! De teacher of de teachers! I eat nails and drink acid, no man is impossible for me! I control people's joints all night long!" Then he started making DJ scratching noises like a record being scratched by a DJ. "Wiki wiki wiki wiki wiki!"

There were too many artists and musicians that were cast out of my body to name them all.

It took one hour for all the musicians to be cast out. It was nothing less than all out war. After all the artists were cast out, the next thing they heard was a voice like the combined woofers of an entire stadium shaking the entire house. The whole house shook to the point that the neighbors came from every direction to get saved. "I AM LUCIFER, THE

KING OF HELL, THE PRINCE OF DARKNESS! I GOT THIS GIRL'S SOUL SEVEN YEARS AGO, I TOOK HER

BECAUSE SHE HAS A TALENT WHICH SHE WAS GOING TO USE AGAINST MY KINGDOM! I TRAINED HER AND

NOW SHE'S WORKING FOR ME! SHE HAS MY SECRETS AND IM NOT WILLING TO LET HER GO!"

The whole neighborhood could hear this voice loud and clear. That's why they all got saved after this incident.

My uncle said, "Lucifer you are a defeated devil!"

Then Lucifer said, "I KNOW I AM DEFEATED BUT I AM NOT YET DEFEATED BECAUSE I HAVE

Because my body was tired I too fell asleep for the first time in eighteen years. I slept peacefully for two ours without any demon strangling me. But while I was sleeping my aunt had set an alarm to wake her up. When the alarm went off at 6:30am that was another situation for me because her alarm was a voice recording which said; "six thirty a-m, time to wake up."

It was the exact same voice as Cleo my demon spirit guide. I knew that voice better than any other voice in the world. Cleo had been my spirit guide for seven years. I knew his

voice perfectly. So when I heard the alarm go off and it was Cleo's voice, I was sure that it was him and that he had found me. I jumped from the chair over my aunt to the door which was closed, I was trying to pass through the window but it was too small. I was breaking everything that I came across and blaming them for convincing me to sleep, something that I was not supposed to do! I told them, "in the world where I'm coming from, we do not sleep. And I am a queen in that world." I told them about Cleo but they explained to me that the alarm was just an electronic recording and nothing to fear. They worked hard to calm me down. Then uncle tried to tell me about my life and how I've been living over the last seven years and how I'd even been a maid in his wedding but I could not remember any of it. When he brought the wedding photos and showed me, I ran away from the pictures of myself because I expected to see myself the way I was when I was eleven.

This picture shocked me. Seven years had past and I had grown up into a young woman. Then when they took me to a mirror, the drama began all over again. I was horrified. I could not believe it was me. I wanted to disappear. When my parents came. All they wanted to do was to embrace me but I ran away from them because after seven years, they had aged. I couldn't believe it was them. My brother was all grown up. I couldn't believe it was him either. He was also scared of me because we were never friends because I always wanted to kill him. We were now afraid of each other. It was drama. It wasn't until my uncle prayed for my soul to blend with my body that I began to recollect events from both my body and my soul. That is how I managed to remember the things I am now sharing with you. It took me eight years to remember all these things I am telling you. The enemy tried to destroy my memory but God has restored it. As soon as I got delivered I asked my uncle, "angel Michael told me his master had sent him to come and rescue me. Who is his master?" Then uncle Patrick told me that his master was Jesus. Then I asked uncle how I could please this Jesus. Then uncle said, " by serving him." And from that day till now, I've been serving Jesus. Because I made him my personal friend. Jesus took me to heaven about eight times and those experiences I will share in the next book. If you want Jesus to be your friend too, you can pray this simple prayer;

"Father in heaven, I believe in Jesus Christ, that he is your son and that you raised him from the dead.

Forgive me of my sin and make me a new creature, in Jesus name, amen."

## Chapter Twelve

### CERN

CERN is the company which will open the portal through which Apollyon and his armies will pass from the infernal realm of the spirit into the material universe. CERN is the European Organization for Nuclear Research (French: Organisation européenne pour la recherche nucléaire) which is derived from the name Conseil européen pour la recherche nucléaire. It is a research organization that operates the largest particle physics laboratory in the world.

("Fair use" copyright law used for educational purposes) Notice the 666 cleverly inscribed in CERN's logo.

Satan's laboratories.

In this same area where Apollyon was, I was taken to tour one of Satan's biggest and secret laboratories. In this laboratory, everyone there is busy. Satan captures the brightest minds and forces them to work for him. Some knowingly, and some unknowingly. The speed at which things operate in the realm of the spirit is at the speed of light and faster. The speed at which everything in the material world operates at is at the speed of light and slower. In these laboratories they were experimenting on different bacterias and viruses which they can use against humanity and all life. They work with the wealthiest families in the world who also are in the inner circle of those who control the world.

These families have the power to print legal currency and through their banking consortiums, they also own the central banks of the world, the privately owned U.S.

Federal Reserve being one of them. They own the American media and by extension, most of the world's news. The major American media houses are owned by about six major companies.

Anyone can research this information and find out for themselves. I encourage readers to conduct their own research as they are led by the Holy Spirit. He will lead you into all truth even as He has undoubtedly led you to this book. These families assist Satan to transfer his agendas from the realm of the spirit to the physical world through the influence of their social, political and economic positions of power. For example the spread of HIV/AIDS and cancer has its source in these laboratories. These families own the companies which distribute to humanity food and drinks which are contaminated with deadly preservatives and other chemicals which results in the increased spread of cancer and other diseases.

As long as humanity continues to pursue profit at the expense of his integrity, he will do Satan's dirty work for him. The economics of compromise is the foundation of Satan's financial system. Compromise economics is the financial slavery system which compels humanity to collectively build the new world order. Humanity is building the very system which Satan will use to imprison them. Christ is the only one who sets man free from the slavery of building his own prison, and puts man on course to fulfill purpose.

This new world order system which unsaved humanity is building is the beast system outlined in revelation 13. The New World Order is simply a global system where all of humanity is forced to sell their souls to Satan.

Satan's laboratories produce the chemical hormones which are injected in livestock, plants and poultry causing them to grow at abnormal speeds and mature long before they actually should naturally. Whatever is injected with these chemical growth hormones grows oversize.

When humanity consumes these foods, the result is obesity, and premature development of the body in children. This is why many children in America and other nations have full grown bodies while they are still mentally immature. This coupled with society's over emphasis on immorality helps to build Satan's kingdom. This results in increased abortions and a myriad of other social imbalances which permeate communities around the world. In these laboratories there are areas where I saw very many pieces of human bodies. Fingers, ears, noses, arms, hands and legs etc on different tables. These fallen angels were conducting experimental research on how human bodies are formed because they want to build their own "human bodies" which they can use to physically interact with

humanity in the physical material world. Apollyon told me that they are tired of using human bodies because even human beings get tired of these spirits occupying them and many betray them and have had them cast out. Furthermore, they cannot come into the physical material world without human bodies because the Holy Spirit prevents them. Even those demons and/or fallen angels who try to come into the earth cannot operate because they cannot be seen or heard by humanity. Apollyon showed me the humanoid bodies they have built but every time they try to emerge onto the surface of the earth in those bodies, the Holy Spirit burns them and the humanoid body is destroyed. As a result they cannot stay on the planet for long. This is the kind of body which the queen of the coast uses to visit the material world, but it cannot stay in this physical dimension for long. As a result, their agenda is to so grieve the Holy Spirit that He lifts from the earth. Then the fallen angels and demons will have full access to humanity and will be interacting, marrying human beings and enforcing the beast system to humanity. Fallen angels will marry human beings and bring hybrid children into the earth just as they used to in the days of Noah.

Genesis 6:1-3 "1When human beings began to increase in number on the earth and daughters were born to them, 2the sons of God saw that the daughters of humans were beautiful, and they married any of them they chose."

4The Nephilim were on the earth in those days—and also afterward—when the sons of God went to the daughters of humans and had children by them. They were the heroes of old, men of renown."

These "men of renown" were evil to the core. They were the "superheroes" of their day.

Hercules, Achilles and the legends of Greek mythology are really the hybrid children of fallen angels, demigods. Today's superheroes in Hollywood films are simply fallen angels and their hybrid offspring rebranded to fit American audiences. These characters from the old comic books have been made into idols to desensitize the public about the coming deception which will catch all of those who do not know God's word off-guard. The superpower phase will be sold as the next level of evolution for mankind. This makes the evolution deception very dangerous.

2 Thessalonians 2:11 "And for this cause God shall send them strong delusion, that they should believe a lie:"

These fallen angels also took it a step further and spliced their DNA with other creatures such as birds, fish and the beasts of the field. The whole earth was filled with violence.

The reason God sent the flood was to cleanse the earth and start over with only those righteous beings which God originally intended to live on the earth.

8But Noah found grace in the eyes of the LORD. 9These are the generations of Noah: Noah was a just man and perfect in his generations,"

In Genesis 6:2 we read about the "sons of God".

2the sons of God saw that the daughters of humans were beautiful, and they married any of them they chose."

Here the "sons of God" are the "benai elohim" in Hebrew which are the angels. These angels took human women for wives in a diabolical plot to contaminate human DNA so as to prevent the birth of Jesus Christ the messiah. The earth was filled with these evil giant hybrids.

For this sin which some of the angels committed, God had them punished.

Jude 1:6 "And the angels which kept not their first estate, but left their own habitation, he hath reserved in everlasting chains under darkness unto the judgment of the great day."

The fallen angels filled the earth with evil hybrid beings which God destroyed from the earth through the flood. When these hybrid beings died, they became disembodied evil spirits. We call these spirits demons.

Matt 24:37 "37But as the days of Noe were, so shall also the coming of the Son of man be.

38For as in the days that were before the flood they were eating and drinking, marrying and giving in marriage,

The "marriage" Jesus is describing here is no ordinary marriage. It is the marriage of fallen angels and human beings. The union of opposites, which is symbolized in the six-sided hexagram on the modern day flag of Israel. The spirit of anti-Christ. The contamination of humanity with the nature of the fallen is Satan's plan. Satan's plan is to fall into the lake of fire with all or most of mankind. That is the bottom line of his global deception. The anti-Christ comes from this unholy union and his plan is to dominate the world from Jerusalem, something mainstream Christianity seems to omit from their television messages when promoting Israeli tourism.

The spirit of antichrist plan began back in Genesis 6 with the unholy union of fallen angels and human women. Thus the phrase "union of opposites." Satan started his antichrist plan as soon as God told him in Genesis 3:15 "And I will put enmity between thee and the woman, and between thy seed and her seed; it shall bruise thy head, and thou shalt bruise his heel."

Satan has children. His very own bloodline. They can never be saved because they reject Jesus Christ and hate him bitterly. Satanic bloodlines are ruling this world and leading mankind towards a New World Order.

My prayer is that this information reaches the body of Christ and strengthens their resolve in their commitment to Christ. This has just been a portion of what I know. More information will be revealed in Erica Part Three, as the Lord allows. God bless you all.

Amen.
